

U.S. TROOPS AWAIT BORDER WAR

HALT WORK ON NAVAL TREATY

Solons Delay Action Pending Arrival of Data On Fort Pact

WANT TO CLEAR UP STATUS OF JAPAN

Democrats Plan to Get Revenge for Death of League of Nations

By LAWRENCE MARTIN
(United Press Staff Correspondent)
WASHINGTON, Feb. 17.—Senate action on the five-power naval limitation treaty will be delayed until further information is obtained concerning the provisions for non-fortification of Pacific islands.

This was decided at today's meeting of the senate foreign relations committee when a strong sentiment for a clearer explanation of the provisions for including the prohibition against further fortifications in the treaty.

Senators said they desired to be more fully informed concerning the position of the American delegates on the fortifications question, as well as the reasons for including the prohibition against further fortifications in the treaty.

They want, in addition, complete information showing the exact status of Japan, Great Britain and the United States under the treaty with respect to Pacific fortifications.

Committee members said that private discussion indicated clearly that a majority of the committee would favor a reservation to the four-power Pacific treaty.

Favors Reservations.
Brandegee, Connecticut, has prepared a reservation which provides: That the United States shall be under no moral obligation under the treaty to use force in maintaining rights of the other powers.

That in no case shall the United States be expected to act without the sanction of congress.

Democratic senators have set in motion a plan to get revenge for the killing of the league of nations covenant. Their plan consists of these steps:

1—Adoption of the Hitchcock resolution requesting more information from President Hughes on the four power Pacific treaty. This step has already been taken.

2—Forcing of an admission from administration leaders that the four power treaty involves the United States in exactly the same sort of international obligation as article X of the league covenant.

In Wilson's Shoes.
By the first step some Democrats have confronted Harding with the same situation as the Versailles treaty fight. Wilson said he could not give the records of the Versailles conference because he did not have them and had no right to make them public if he had.

Harding will answer the Hitchcock resolution as soon as he can confer with Secretary Hughes, it was learned today. Hughes will not be back from Bermuda for two weeks.

The second step in their revenge program, Democrats expected to accomplish by indirectness. With the help of some Republicans, they expect to prove that, as it stands the treaty would impose a moral obligation on the United States to help maintain, by force, if necessary, the rights of Britain and Japan in the Pacific.

Guards Claim Slayer On Hunger Strike Is Dying from Fright

CHICAGO, Feb. 17.—Harvey W. Church, whose hanging, scheduled for today, was postponed until March 3 to allow an insanity hearing, may cheat the gallows by starving to death, physicians believed today.

Church, who has refused food for a month and has been growing very weak, took a turn for the worse today. A fever developed and the alleged slayer of the two automobile salesmen was reported unconscious.

"Church is slipping and may not last until the date set for the hanging," said Dr. Francis McNamara, jail physician.

Other jail attaches expressed the belief that Church was dying from fright.

"He is so afraid of hanging that he is dying," said a guard. "He was pretty strong and it would take a hunger strike of more than a month to wear him down to the weak condition he is now in."

HOWAT GAINS STRENGTH IN CONVENTION

Control of Lewis Over Miners Threatened As Vote Taken On Reinstatement Kansas Man.

INDIANAPOLIS, Ind., Feb. 17.—Alexander Howat, deposed insurgent president of the Kansas Coal Miners' union, forged into the lead in his fight for reinstatement in the United Mine Workers of America wage convention here late today.

INDIANAPOLIS, Ind., Feb. 17.—The factional fight in the United Mine Workers' wage convention today threatened the power of John L. Lewis and his administration.

Alexander Howat and his outlawed Kansas followers showed unexpected strength in the early part of a roll call on the question of reinstating them in the union.

Four union districts generally considered Lewis strongholds voting at the morning session, were 736 to 540 against taking Howat back into the fold.

Belfast Rioting Costs 35 Lives, \$2,000,000 Loss

BELFAST, Feb. 17.—The fierce sectarian war that swept Belfast early this week had burnt itself out today, leaving the city to face a death roll of thirty-five, a casualty list of nearly 150, and a bill for damages that will exceed \$2,000,000.

LONDON, Feb. 17.—Forty-two Unionists kidnapped from Ulster by Sinn Fein raiders have been released through efforts of Michael Collins, it was announced in commons today by Austen Chamberlain, government spokesman.

The second reading of the bill establishing the Irish free state was approved in the house of commons today. After its third reading, the bill will be referred to the house of lords.

IOWA G. O. P. CHIEF GETS KENYON'S SEAT

DES MOINES, Ia., Feb. 17.—Charles A. Rawson of Des Moines, state chairman of the G. O. P., was today named United States senator from Iowa to succeed William S. Kenyon. Appointment of Rawson was made by Governor Kendall this morning, following receipt of the resignation of Kenyon, who will quit the senate to accept the judgeship of the eighth federal circuit.

McCormick Heiress, 17, to Wed Swiss Riding Master, 48, Rumor

(United Press Leased Wire.)
CHICAGO, Feb. 17.—Council of the clan of McCormick, ranked with the world's wealthiest families, was called here today to discuss the reported engagement of the baby heiress, Mathilda, to a Swiss groom, more than twice her age.

Harold F. McCormick was speeding to Chicago on the fastest train from New York, accompanied by his other daughter, Muriel.

Mathilda arrived from New York last night. She was reported to have already obtained the consent of her father, president of the International Harvester company and now sought the approval of her mother, daughter of John D. Rockefeller, world's richest man.

Mathilda lived in Zurich with her mother eight years and there met Max Oser, riding master, 48 years of age, with whom she is reported in love. She returned

Local Man Airs Death Clue

ANNUAL MEETING OF FARM BODY TOLD SUCCESS DURING 1921

Dr. J. R. Schofield of Buena Park was elected president of the Orange county farm bureau late this afternoon.

Seven directors at large for the Orange county farm bureau were elected at this afternoon's session of the bureau's annual meeting. They were: H. L. Wakeham, H. B. Woodrough, John Osterman, S. S. Twombly, E. E. Campbell, W. L. York and W. M. Belding.

Declaration by H. B. Woodrough, of Costa Mesa, that indications point to an increase in telephone rates in Orange county, with a minimum toll rate of 10 cents, instead of the 5-cent charge now effective between exchanges in certain communities, was one of the outstanding features of the forenoon session of the annual meeting of the Orange County Farm Bureau here today.

Woodrough made his statement in submitting his annual report to the telephone committee of the bureau.

He recited the activities of the Orange County Farmers' and Merchants' association, which proposes a mutual exchange system for agricultural communities with free switching throughout the county.

The telephone company, he said, is still operating on the Burien schedule forced during the war, and that a hearing on telephone rates is scheduled for some time in the future. His belief that a minimum rate of 10 cents would be made effective following that hearing was based on the past record of the railroad commission, which, he said, has been in the line of establishing 10 cents as the minimum.

Various annual reports were submitted by chairmen or members of the various standing committees, and all indicated that the year had been a very successful one so far as farm bureau endeavor and accomplishments were concerned.

Sees Foundation Laid
Sidney Saunby, as chairman of the committee of the power division of the public utility committee, declared that while he could not point to concrete accomplishments during the year, he did believe the foundation had been laid for future work that will be of value to the farmers of the county. Discussion of his report brought out that the utility department of the state association and co-operation of the farm bureau had been largely responsible for withdrawal of the petition for withdrawal of the permission to construct its branch line from La Habra to Tustin, by way of Olive, Villa Park and El Modena.

John Osterman, of El Toro, chairman of the exchange committee, reported that arrangements had been made with the California Moline Plow company whereby farm bureau members dealing with the W. F. Lutz company, Santa Ana, and W. E. Gardner, Fullerton, representing the company in this county, may purchase farm equipment at 15 per cent above cost when machinery is taken from the floor of either of the agents; 10 per cent when taken from the warehouse in Los Angeles, and 5 per cent when bought in carload lots and shipped from the factory. In such instances where it is necessary to have factory mechanics or representatives set up machinery on a ranch the purchaser will have to pay for such services, the rate per hour yet to be determined.

AS TO REPAIR CHARGES

Incidental to this report, W. Dean Johnston stated that a number of garages in the county were doing automobile and tractor repair work at \$1 an hour. He said that so long as patrons went to such garages as charged \$1.50 an hour for work just so long will the rate of \$1.50 obtain in those places. A. E. Black, Costa Mesa, made a plea for farm bureau men to patronize not only garages but other places of business where there has been a marked decrease in charges as compared with war prices. Johnston said that the committee had not been successful in securing a lower price on gasoline and distillate.

That the methods of County Assessor James Sleeper for determining the assessed valuations on property are about as near correct as they can be, was the consensus of the committee on taxation, for which Woodrough reported. Woodrough said that the only exception they could take to Sleeper's method was that on placing a valuation on trees, and that when it came down to a matter of suggesting a system that was better the committee could not advance a plan. According to

Ridicule Greets Police In Arrest of Padre as Slayer

United Press Leased Wire
MONTREAL, Feb. 17.—Several "confessions" to the murder of Raul De Lorme—for which Father Adelard De Lorme, his half brother, is held in jail—were received by police through the mail today.

The letters, containing these "confessions" were unsigned. The writers ridiculed the police for arresting the priest. All are being investigated. Other letters abused the authorities for "hounding" Father De Lorme.

The priest, sitting among his books and papers, in a cell in Bordeaux jail, is confident he will be cleared of the charge of luring Raul to a lonely spot, firing six bullets into his head and throwing his body out of the automobile, the motive being to inherit the estate and get his \$25,000 insurance.

Attorneys for the accused asserted fresh developments assured his acquittal. All the evidence against him is circumstantial and they expect to prove an alibi when the case comes to trial on February 21.

FARMERS TO LAUNCH FIGHT FOR CONTROL OVER CONGRESSMAN

(United Press Leased Wire.)
CHICAGO, Feb. 17.—A national farmers' organization built around the "farm bloc" in congress was in process of organization here today.

Belief of farmers that the only relief from present conditions is through politics caused the call of a meeting of representative agrarian leaders of the nation. The conference was called by Benjamin C. Marsh, managing director of the Farmers' National council, who arrived today.

Leaders of the new movement, who disclosed its nature to the United Press said no attempt to form a new political party will be made.

Farmers will be formed into a unit to solidify their strength for or against congressional candidates in the next election, it was said.

Only the conservative farmer element will be included in the organization, authorities said. Members of the national non-partisan league, American farm bureau and the United States Grain Growers will be active in the conference tomorrow.

The conference is preliminary to the meeting of farm and labor forces here Monday at which time leaders will attempt to bring about a political coalition in order to solve their individual and mutual problems.

There will be no new or radical plans come out of the farmers' conference, it was said. The new organization will be formed along lines already attempted by conservative farm leaders.

WILL SPEND \$15,000 ON STORE BUILDING

ANAHEIM, Feb. 17.—Fifteen thousand dollars will be spent by John Reuther in improving the store building on West Center street, occupied by William Jackson and the building formerly occupied by the Crown Stage, it was learned here today.

The two buildings will be thrown into one, affording a store space of 40 by 160, it was said, and bids will be called for next Monday.

Extensive enlargements will provide space for grocery stores and markets, and the new structure will add materially to the general improvement of Anaheim's principal business thoroughfare.

Advantages Derived from Reading Advertisements

(A few days ago The Register offered \$10 for the best short article giving account of actual experience in benefits derived from reading Register advertisements. The articles submitted in this contest will be published from day to day under this heading.)

Publisher Register:—From among the numerous "actual benefits derived" from Register advertisements, I'll submit the following:

Last summer when we wished to dispose of ripe fruit, for canning and table use, we only had to run a 35c adv. in The Register to bring more customers than we could care for from the city and surrounding country. They also came from Glendora, Los Angeles, Long Beach, San Diego and other cities.

Soon after I advertised for a lost Knights Templar watch charm, requesting finder to leave at Register office for identification. Directly a party called at the office desiring to learn the name of the one advertising for a lost watch charm. Instead of giving the advertiser's name and address, the inquirer's name and address was secured. I promptly called upon the man, seeking information, and telling of a private mark on the charm, persuaded him to return the valuable keepsake given me years ago by my wife.

Then my neighbor wished to take his family for a short vacation, but a cow that needed milking morning and evening, apparently was preventing the pleasure. "I offered, of course, to milk the cow during his absence. "I would sell the cow if I had time," the neighbor said. "Tell the people so then through The Register," I suggested. The suggestion was immediately acted upon and at 5 p. m. of the same day the neighbor's phone message was: "Don't come to milk the cow, she is sold and gone." So you see that advertisements in The Santa Ana Daily Register, are of great variety, and value, stating facts that are practical and helpful. They are real and acted upon promptly, steadily and consistently, for they strike home, and homes. They "cost little—accomplish much."

M. W. WAITE, 502 N. Santa Clara Ave.

TAYLOR SLAYING CASE DEEPENS AS THREAT OF VET BARED

The man who may have murdered William D. Taylor, motion picture director, in Los Angeles, the night of February 1, was "given a lift" in the automobile of a prominent Tustin rancher late in the afternoon of Monday January 30. The given name of the man who was thus assisted was "Spike."

This startling information came to light here late this afternoon when the rancher in question, who declined to allow his name to be used in connection with the case, but whose name is known to The Register, gave full details of what occurred when he gave "Spike" and a companion a ride in his automobile, from Tustin to the Santa Fe tracks, Santa Ana.

Spike was the taller of the two men. During a conversation while the rancher and the two men were en route to Santa Ana, the subject of soldiers came up, as Spike was dressed in army trousers, wrap leggings and army shoes.

The rancher mentioned Captain N. M. Holderman, stating that the latter had just received a new decoration. This set Spike to encephalizing bitterly against captains in general.

Then Spike declared that there was one "in Southern California" that he was "going to get" if he could find him.

The shorter of the two men then asked Spike: "You mean Bill?"

The rancher did not recall Spike's answer to this question, but it is assumed that the reply was in the affirmative.

Later, when Spike continued to talk along similar lines, the short man cautioned Spike.

"For" "sake shut up."

As the two men were about to leave the rancher's automobile at the Santa Fe crossing on First street, an old-fashioned Colt's revolver dropped into the mud from beneath Spike's trousers belt.

The rancher, startled, inquired of Spike what he intended to do with the revolver.

Spike replied that the "figured they might be held up."

As the rancher was about to drive on, Spike called to him to wait, in order that he might clean their revolver. The mud was carefully cleaned from the weapon and the rancher went on his way, noticing that the two men walked up the tracks in the direction of the railroad station.

The rancher noticed that the barrel of the revolver had been sawed off. The sight was missing. The gun was either .32 or .38 caliber.

The rancher also recalled that the two men made minute inquiries of him regarding train and stage service from Santa Ana to San Diego.

The two men were thereupon asked the reason for the questions, to which they answered that "they were just getting lined up."

LOS ANGELES, Feb. 17.—A material witness in the William Desmond Taylor murder case, being re-questioned today in the office of District Attorney Thomas Lee Woolwine, was reported to have changed his original story as told to the district attorney.

"Tripped up" on a trivial point, this witness was said to have immediately enmeshed himself in a series of explanatory statements, most of which were proven false.

The spotlight of the investigation has now fastened itself on this man. Rumors were rife at the hall of justice that he is being given a terrific grilling behind the locked doors of the district attorney's private office, in an effort to completely shatter his original story.

If this story collapses, one attitude of the district attorney's office intimates, the apparently satisfactory alibis of some prominent movie people will be "knocked into a cocked hat."

SHIPPING BOARD READY TO SELL ENTIRE FLEET

(United Press Leased Wire.)
WASHINGTON, Feb. 17.—The entire shipping board fleet of 1,470 steel vessels is to be offered for sale, it was announced this afternoon by Chairman Powell, of the emergency fleet corporation. Shipping experts estimate the value of the ships, the total tonnage of which is about ten million tons, at \$200,000,000.

This estimate is based on present world tonnage prices. These ships originally cost approximately \$2,000,000,000.

War Department Orders Troops to Guard Americans on Border

WASHINGTON, Feb. 17.—American forces on the Mexican border have been ordered to take every precaution to protect American citizens against injury resulting from the threatened clash between Mexican revolutionists and President Obregon's troops, it was said at the war department today.

The danger of attack was held particularly acute at Juarez, across the border from El Paso.

Officials said orders for troops to be on alert to protect American interests originated after Mexicans crossed the border on February 8 and attempted to hold up an express train. Since then, unverified reports have come of revolutionist gatherings at Chihuahua and other points south of Juarez.

\$50,000 PER YEAR SALARY FOR HOOVER

Sesqui-Centennial Exhibition Offers Secretary Big Salary To Direct Event.

PHILADELPHIA, Feb. 17.—Herbert Hoover, secretary of commerce, has been offered \$50,000 a year by Edward W. Bok of the executive committee of the Sesqui-Centennial Exhibition, to become director general of the exhibition, it was learned here today.

ALBANY, N. Y., Feb. 17.—Five thousand American troops in this border territory were on the alert today to guard American territory against violation following persistent reports of revolutionists preparing for action in Mexico.

Brigadier General R. L. Howze declared American forces had been forced to take heed of revolutionary reports, frequent of late. Rebels gathering near Chihuahua City have the intention of marching on Juarez reports here said.

General J. J. Mendez, commanding troops at Juarez, sent word to revolutionists declining to join them and prepared his garrison to oppose any attack that might be made.

Report Cantu Active
Esteban Cantu, former governor of Lower California, under Carranza, was said to be one of the leaders—if not the principal leader of the rebel activities.

Although the reports that several rebel bands in Chihuahua—rebel nests in Mexico for a decade—were attempting to concentrate and attack Juarez, there was some doubt expressed on both sides of the river, that this city would be the first objective of the plotters.

Word went out today to all American authorities along the border to tighten their lines against smuggling of arms into Mexico. They were also instructed to combat any attempted plotting by Mexicans on this side of the line.

Dispatches or other word received from interior Mexico, quoted Mexican officials, including General Calles, Obregon minister of state, as declaring American interests were behind the trouble.

Seen in New York
Last reports of Cantu's movements in the United States were that he was in New York attempting to raise financial backing for a Mexican revolt. Reports of unrest in Mexico have been increasing for several weeks. Obregon has predicted that President Obregon is facing a real test of power. Disturbances by moving rebel bands of Northern Mexico where most all revolutions of the past have started, have been more aggravated by serious political trouble.

The attitude of Francisco Villa, former bandit, was causing plotters against Obregon no end of worry, however. He was said to have declined to join an anti-Obregon move.

MEXICAN ARMY LEADER DENIES REVOLT RUMORS
EL PASO, Texas, Feb. 17.—Denial that there is any unusual revolutionary activity or troop movements in Chihuahua, was issued here today by General Eugenio Martinez, zone commander of the Mexican military in Chihuahua.

INVENTOR'S WIFE DIES
PASADENA, Feb. 17.—Mrs. Charles Y. Knight, wife of the inventor of the "Silent Knight" motor, died here this morning.

Charges Americans Lose Billions Annually to Fake Stock Brokers

(United Press Leased Wire.)
NEW YORK, Feb. 17.—From \$500,000,000 to \$2,000,000,000 are stolen annually from the pocket of the American public by confidence men and fraudulent brokerage houses, an official of the New York Stock exchange estimated for the United Press today.

The estimate is based on figures from reports of the federal trade board and Investment Bankers' association.

A fever of speculation has brought about an increase in fraudulent dealers as shown by these developments of the past few weeks:

Nineteen persons have been indicted in New York on charge of conducting bucketshops and more indictments are expected shortly.

In Chicago authorities have uncovered a "swindle trust" which took thousands of dollars from foreign-born laborers on promises of interest payments which ran as high as 100 per cent.

The latest development in the New York war on bucketshops is the expulsion from the Consolidated Exchange of R. H. MacMasters and company. George H. Silkworth, president of the exchange, accused the firm of bucketting—selling securities carried on accounts of customers.

"The prevailing stock market spelled doom to the bucketters," the stock exchange official said. "These swindlers rely on a bear or a lowering market to keep their heads above water."

"Another reason for bucketshop failures may be seen in the activity of the stock exchange. The exchange has been removing its wires from swindling houses and causing them to fail."

COUPLE INJURED AS AUTO TURNS OVER ON ROAD

Pinned beneath their Studebaker automobile six miles this side of San Juan Capistrano this afternoon, Miss Claire Ellis, 21, and John W. Cook, 21, both residents of the Glenn hotel, Santa Ana, corner of Spurgeon and Third streets, are confined at the Community hospital with injuries, and four others, Joseph Smith, Harry Knecht, Jean Loshment and Miss Betty Day are suffering from minor bruises.

The accident occurred while the party, all of whom are said to be connected with the Metropolitan Magazine company, and registered at the Glenn hotel here, was en route to San Diego from Santa Ana.

Cook, who is believed to have a broken jaw and possibly a broken shoulder, and Miss Ellis, who may have a broken leg, were both brought to the hospital here by Dr. J. M. Burlew, of Santa Ana who happened to be passing the scene shortly after the accident occurred.

According to word from San Juan Capistrano late this afternoon, the party was headed for San Diego and was going down the Galvan hill. Knecht is said to have been driving the machine. A tire blew out and the car turned turtle, pinning all of the occupants beneath. The machine is said to have been hurled through the air a distance of nearly twenty feet.

The car is said to have been badly damaged. It was towed to the Congdon garage at Capistrano.

Miss Ellis stated at the hospital that her mother was Mrs. Elizabeth Ellis of Salt Lake City, Utah. Cook said his parents reside at Muskegon, Michigan.

ENMESH MIRAGE CITY ACCUSED IN NEW CASE

An obstacle in the path to freedom sought by J. K. Woods, convicted promoter of alleged spurious oil property, whose appeal from a prison sentence is now pending, loomed suddenly today when Woods encountered another charge, replica of the one for which he was recently sentenced.

Now he must again face the proceedings of criminal court, the first step being his arraignment today before Justice J. B. Cox and the next his preliminary examination set for February 23 at 10 a. m.

If he is convicted as he was on the previous charge, he faces another sentence of from one to fifteen years at San Quentin, this to be added to the other term of that length from which he is now appealing.

Meanwhile Woods is in the county jail here, Justice Cox having added another \$1,000 to the \$3,000 bail fixed in the former proceedings.

Woods was tried by a jury several weeks ago in department 1 of the superior court for the alleged sale of purported oil lots to Mrs. Frances Nelson, of Anaheim. It was charged that he represented the lots as being located at a small town called Aqueduct City, in the Mojave desert, the town being built around an oil well. Mrs. Nelson, with Mrs. Laura Resh and W. H. Pillsbury, also of Anaheim, and likewise purchasers of lots, failed to find such a town, although there was a town-site of that name, but no oil wells within a distance of many miles.

The jury found Woods guilty of obtaining money under false pretense and Judge Rex B. Goodcell, of San Bernardino, who was sitting in place of Judge Z. B. West, passed sentence on Woods, after denying a determined effort by Woods' attorney, W. T. Kendrick Jr., of Los Angeles, to secure a new trial on the ground that Woods had not been fairly treated.

Without waiting for the first case to be finally settled, the district attorney's office today launched its second prosecution against Woods by filing a complaint, sworn to by Mrs. Emily Holder, another of the alleged lot buyers.

The operations cited by Mrs. Holder formed part of the same activities on which the previous charge was founded.

"Was that complaint read to me last August 7 when I was here on the other case," Woods asked Justice Cox today. He was informed that it had not been previously read.

"The reason I wanted to know," he said, "was because you said at that time that there were thirteen other complaints and I knew that there were only fourteen deals altogether. I wanted to be sure that they're not running in too many on me."

LAUDS DAIRY DEPARTMENT

J. T. Raditt, Santa Ana, in giving the report for the dairy committee, declared that cow testing and activity by this department had resulted in this county and throughout the state in bringing about higher standard of dairy herds and that recent reductions to the consumer could be directly traced to the farm bureau activity in its dairy department. He declared that by testing and elimination of poor milk producers milk production had been increased between one-fourth and one-third. Under the old schedule of quantity production through maintenance of cows that were not good producers, it would not have been possible for dairymen to make the reductions that have been made in the past few months, he declared.

So that shrd s s shrdldrdum E. E. Campbell made report of the meeting of directors for regional district No. 1, from which he returned this morning.

William M. Belding, president of the bureau for the past two years, expressed his appreciation of the cooperation given to the president and officers by the members of the bureau. He said there had been the utmost harmony throughout the period and predicted that if the bureau continues to progress as in the past year it will become a very important and potential factor in development of conditions that will be advantageous to the farmers of the state. He stated that the membership at this time was 1150 as against \$20 a year ago, evidencing the increasing interest of farmers in the bureau.

'Unemployed' Carload of Piling to Join Worker Ranks—On Auction Block

The carload of wood piling that started from Springfield, Oregon, last August 6, with the intention of holding up the new Olive-Richfield bridge across the Santa Ana river, is about to quit the ranks of the unemployed, which it joined last September to the bridge.

The piling is scheduled to be sold at public auction by the Santa Fe railway, which thus undertakes the role of employment agency for the unemployed.

The piling is scheduled to be sold at public auction by Santa Fe for freight, storage and other charges due on the piling.

Contractor Frank Hudson ordered the piling shipped from Oregon on condition that it meet the requirements. This it failed to do, he said, and County Engineer J. L. McBride declined to permit its use in the structure.

Since September the car of piling has remained undisturbed on a siding at Olive. The freight had not been paid and week by week, the storage charges accumulated. To satisfy these charges the piling will be auctioned to the highest bidder in the Santa Fe yards, Los Angeles, February 21 at 10 a. m.

The shippers in Oregon are losers in the transaction.

SAYS INCREASE IN PHONE TOLL RATE LOOMS

(Continued from Page One)

Woodruff, investigation by the committee disclosed that Sleeper's assessments were as fair and equitable as it was possible to make them. Dr. S. S. Twombly suggested that the problem might be solved by placing tree valuation on the earning of trees.

Lauds Dairy Department

J. T. Raditt, Santa Ana, in giving the report for the dairy committee, declared that cow testing and activity by this department had resulted in this county and throughout the state in bringing about higher standard of dairy herds and that recent reductions to the consumer could be directly traced to the farm bureau activity in its dairy department. He declared that by testing and elimination of poor milk producers milk production had been increased between one-fourth and one-third. Under the old schedule of quantity production through maintenance of cows that were not good producers, it would not have been possible for dairymen to make the reductions that have been made in the past few months, he declared.

So that shrd s s shrdldrdum E. E. Campbell made report of the meeting of directors for regional district No. 1, from which he returned this morning.

William M. Belding, president of the bureau for the past two years, expressed his appreciation of the cooperation given to the president and officers by the members of the bureau. He said there had been the utmost harmony throughout the period and predicted that if the bureau continues to progress as in the past year it will become a very important and potential factor in development of conditions that will be advantageous to the farmers of the state. He stated that the membership at this time was 1150 as against \$20 a year ago, evidencing the increasing interest of farmers in the bureau.

LEGION MEN HIT BONUS CHANGE PROPOSALS

BY CARL D. GROAT, (United Press Staff Correspondent)

WASHINGTON, Feb. 17.—Representatives of the American Legion today refused to accept President Harding's veiled suggestion in his letter to congress yesterday that the cash bonus might be dropped from the adjusted compensation bill.

The American Legion still favors the four-fold plan, providing for an option of cash, paid up insurance, home or farm aid, vocational training, spokesmen for the service men told house and ways and means committee.

Legion Tells Plan

The committee's only solace in its effort to learn whether the cash bonus could be dropped was the statement that the legion will continue to recommend that its members take paid up insurance or other options in preference to cash, except in cases where actual need would compel accepting the money.

John T. Taylor, legislative representative of the legion and Richard S. E. Jones, Seattle, editor of the Stars and Stripes, made it clear that they could not go behind the record of the legion in its bonus votes at two national conventions.

A bonus bill will be framed by the house ways and means committee within ten days and will be passed by a Republican congress, Representative Fordney, Michigan, chairman of the house committee, emphatically declared to the house.

Meagre applause came from the Republican side while here and there from the Democratic side came shouts of "No."

Result in Doubt

Just how congress will put through a payment plan is as much a mystery to members as at any time since that body threw up its hands and sought counsel of the president.

The sales tax will have hard sledding. That is certain from the utterances of its friends and foes, but from the bonus standpoint there is still a chance of it going through.

Chairman McCumber of the senate finance committee, irrevocable advocate of the bonus, finds himself facing a hard situation. His constituents, the farmers of the Northwest, are flooding him with notices not to vote for a sales tax. On the other hand, he has repeated a bonus must be passed, and he and Chairman Fordney of the ways and means committee still predict emphatically that it will be passed.

200-BARREL WHISKY THEFT IS THWARTED

NEW YORK, Feb. 17.—Theft of 200 barrels of whisky valued at \$400,000 by the simple expedient of removing them from a government bonded warehouse through a hole in a brick wall into an exporter's warehouse was frustrated today by prohibition agents and police.

Forty barrels of liquor were piled near a convenient truck entrance to be carted away.

QUIT TOBACCO

So easy to drop Cigarette, Cigar, or Chewing habit

No-To-Bac has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless No-To-Bac tablet in your mouth instead. All desire stops. The habit is completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question.

Linen Rug

for the Living Room

Klearflax Wears Best

These are many reasons why Klearflax is surely the perfect rug for your home. Let us quote a few for your satisfaction:

- 1—ABSOLUTELY PURE LINEN, inside and out, warp and filling yarn, as genuine linen as your snowy Damasks or fine linen hankchiefs (only coarser weave).
- 2—BEAUTIFUL AND RESTFUL ONE TONE COLORS. Their nine charming one tone colors not only make restful backgrounds but simplify your decorative problems and ideally lend themselves to any color scheme.
- 3—SUPER-DURABILITY. Being heavy, close woven two sided, and made entirely of linen they have all of linen's wonderful durability, the most enduring of all fabrics—the strongest textile fiber known to man.
- 4—GENEROUS THICKNESS. Nearly four pounds to the square yard, tight, close weave insures flat-lying, noise deadening, soft treading, longer wear.
- 5—EXTREMELY SANITARY AND DUST RESISTING. Firm tight yarn, close woven, plain weave, no pile to gather dust and hold it.
- 6—REVERSIBLE. Two sided, doubling its wear and permitting frequent changes and refreshing of surface.
- 7—MOTH PROOF. Linen is absolutely moth proof which makes Klearflax immune in any place.
- 8—IMPROVES WITH WEAR. The only floor covering that actually grows better with wear—softer, more beautiful and silk like with continued use.

KLEARFLAX IS NOW 6% BELOW THE 1917 PRICES

MRS. ANNA E. HUGHES

Mrs. Anna E. Hughes, 22 West Elm St., Chicago, an artist who enjoys a wide and enviable reputation for skill in china painting, in relating the facts of her remarkable experience with Tanlac.

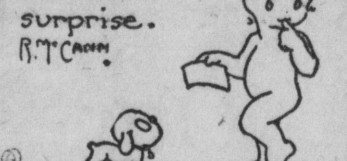

"I haven't enjoyed such good health or felt so well in every way in years as I do now. Before I took Tanlac I was so run down that half an hour at my work would tire me completely out and I was actually so nervous and weak that at times the brush would fall from my hands and I would have to quit work for the rest of the day. Every night I would lie awake for hours, miserable and nervous."

"My improvement after the first few doses of Tanlac was rapid and constant. I'm happy to say I'm well and strong now and feel better than in twenty years. Tanlac deserves every word of praise I can give it."

Tanlac is sold in Santa Ana by Rowley Drug Co.

THE CHEERFUL CHERUB

When friendly readers write to me
My spirits always rise—
That some one really reads my stuff
Just fills me with surprise.

City and County

New officers were today in charge of the affairs of the sophomore class at the high school, following an election yesterday. Loraine Bowe was chosen president; Lincoln Norman, vice president; Walter Armstrong, secretary; Nell Clinard, treasurer; Constance Crookshank, reporter, and William Luck, yell leader.

The Rev. J. G. Kennedy, pastor of the United Presbyterian church, who has been in Pittsburgh, Pa., attending a meeting of the general assembly's committee of eleven of the denomination, is expected to reach his home here next Thursday, it was stated today.

With Dale King as chairman, a committee from the Fullerton Kiwanis club today was preparing to raise the remainder of the sum necessary to complete the community hotel proposition there. Fifteen teams will be organized from members of the club to cover the various districts of the city.

The regular monthly meeting of the Orange County Automobile Trade association will be held at 8 o'clock at Albert Sitton's garage, 213 North Spadra street, Fullerton. E. B. Burns, deputy income tax collector for Orange county, will discuss the revenue act of 1921, explaining features that particularly concern the automobile men.

The Southern Counties Gas company is included in the list of gas concerns affected by an order issued yesterday by the railroad commission directing that they appear in Los Angeles, March 15 to present information as to the adequacy of their service and facilities for supplying the needs of consumers. The purpose is to determine whether new construction should be ordered to provide adequate service.

Members of last year's Santa Ana high school football team were today anticipating a dinner and social evening tonight at the home of William Cole, high school alumnus, who lives at Tustin. Last evening the players were entertained at the home of Roland Stillens, Garden Grove.

J. D. Harp and C. M. Halderman have sold to Jacob Pink, of Tustin, two acres on Grand avenue near Washington avenue. The land is set to walnuts and oranges. There is a house on the property.

Out of respect to H. H. Hossler, one of the class members who died Wednesday, the social that the Bear class of the First Methodist church was to have held tonight, has been postponed.

Steele Finley, paving contractor of this city, was awarded the contract for resurfacing and constructing ditches on Magnolia avenue, Fullerton. Finley outbid George R. Curtis, a Los Angeles contractor, by \$600. As soon as the legal procedures have been covered work is to begin on the street, which is said to be in a bad condition.

The U. S. C. Santa Ana high school debate, which was scheduled for today has been postponed one week at the request of the university, according to announcement today.

Mr. and Mrs. Andrew Smiley were engaged today in moving from West Orange to a ranch near Garden Grove, recently purchased by Smiley.

W. E. Stephens, president of the Riverside Realty board, was in Santa Ana yesterday, accompanied by Mrs. Marjorie Altman, Miss Delorus Taylor and Miss Frances Rabough, all of Uniontown, Pa. The women members of the party were old acquaintances of J. C. Metzgar, secretary of the Chamber of Commerce.

Partnership and corporation forms for income tax returns are now available, according to announcement today by E. B. Burns, deputy income tax collector for Orange county. Firms that made reports last year will receive copies through the mail, Burns advises. Those not making returns last year may secure blanks at the office in the city hall. The time for filing the reports has been extended to May 15. Forms for use by administrators, executors and trustees have not been received.

Attention, B. P. O. Elks—All members are requested to meet at Elks' club Sunday morning at 9 a. m. to go in a body to attend the Men's Bible class at the West End theater at 9:30 a. m. Walter Eden, Exalted Ruler.

TRAMMELL WILL NOT GIVE WAY TO BRYAN

WASHINGTON, Feb. 17.—Senator Park Trammell will seek re-election by Florida Democrats this year and has no intention of stepping aside to let William J. Bryan be the nominee, he said today.

AVERT CLASH IN GIRLS' DAMAGE ACTION HERE

An expected clash over the answer of Samuel Hasley, former acting city marshal of Brea, to four damage suits totalling \$30,000, brought by Payse Alexander and the Misses Mary McIntyre, Bertha Crump and Gertrude Brasher, failed to materialize in Superior Judge Z. B. West's court today.

Instead of attorneys waxing warm over the right of Hasley to defend himself from a charge of false arrest by declaring that Alexander and the three young women were compensating themselves in such manner as to cause him to believe the charge on which he is alleged to have arrested them, the court proceedings consisted only of a stipulation of counsel that Hasley should file an amended answer.

The four plaintiffs had been arrested by Hasley on liquor charges, which were later dismissed in court. Each filed suit for \$7,500 damages, through Attorney A. E. Koepsel, of Santa Ana.

Hasley filed his answer through Attorneys Ames and McFadden, of Anaheim, and Marks and Launer, of Fullerton. This answer referred to his belief that there was probable cause for the arrests.

That reference was objected to by Koepsel, with the result that the answer will be amended.

CHICAGO MAN KILLS SELF WHEN ALLEGED DOUBLE LIFE BARED

CHICAGO, Feb. 17.—"I loved her in life, in dreams and unto death."

William Fenwick uttered those words just before he died of poison.

He had led a double life for three years. Although married he had become engaged to Miss Frances Luebke. He committed suicide following exposure.

Both women wondered today whom he meant in his dying words.

SANITY TEST IN DEADLY WEAPON CASE PLANNED

Efforts to determine the sanity of I. G. Hunt, charged with assault with a deadly weapon are expected to be made before next Friday, the time fixed by Superior Judge R. Y. Williams for setting the date of trial.

Hunt was arraigned today and entered a plea of not guilty. He bore himself in a surly manner in court. His attorney, J. H. Lyon, of Fullerton, has expressed the belief that Hunt is insane, having received evidence, he said, that the man had been in an asylum at one time.

Arrest of Hunt took place at Fullerton some weeks ago after he had attempted to hold up four men in a tent near the Fullerton reservoir. When they refused to heed his command to hold up their hands he is said to have fired a shot which narrowly missed one of the men. Then he ran, but was later captured.

Waldo Wheeler, Carl Retzel and Jess Harper, three of the men who were in the tent, signed the complaint against Hunt. At his preliminary hearing before Justice William French, at Fullerton, Hunt's bearing seemed to indicate that he was not well balanced mentally. Deputy District Attorney D. G. Wetlin filed the formal information in the superior court against Hunt today.

HEARING SET IN OIL WELL THEFT CHARGE

C. R. Hickey, charged with grand larceny in connection with the alleged theft of oil well equipment valued at \$4000 from the Long Beach Consolidated Oil company property in the Santa Ana canyon, was today at liberty on his own recognizance while awaiting his preliminary hearing, set for March 22 at 2 p. m. before Justice J. B. Cox.

Hickey is alleged to have been the driver of a truck used by Dennis Weaver, of Huntington Beach, in hauling away the equipment from the canyon well to the premises of the Huntington-Midway Oil company, where he was employed as a driller.

WOMEN'S CLUBS BACK TWO FILM ACTRESSES

SYRACUSE, N. Y., Feb. 17.—The City Federation of Women's clubs, in their quarterly convention today, defeated a resolution directed at banning motion pictures in which Mary Miles Minter and Mabel Normand were featured.

In the discussion of the moving picture, question delegates declared that actresses were not so much to blame for all that had come out as their managers and directors.

MORE THAN 100 VETS AWAIT RESULTS FROM CLAIMS ENTERED HERE

More than a hundred Santa Ana ex-service men were today awaiting results from conferences with the clean-up squad of the United States Veterans' bureau, which was in this city Wednesday and yesterday to adjust claims for compensation or medical treatment of those suffering from the effects of the war.

\$500,000 REALTY DEAL MADE IN STOCKTON

STOCKTON, Feb. 17.—One of the largest real estate deals that has taken place in Stockton for some time is the purchase of the Commercial and Savings bank, of the Rosenbaum property adjoining the bank building on both Main and Sutter streets.

The price paid is understood to have been \$500,000. There are five stores on the Main street side, and several on Sutter, the property including the Hotel Philson and the Hippodrome theater.

MARKET REPORT

WALL ST. JOURNAL FINANCIAL REVIEW

NEW YORK, Feb. 17.—Heavy selling of Mexican Petroleum and the independent steel shares gave the general market a somewhat reactionary appearance on the New York stock exchange today.

Equipment stocks, however, were strong, particularly American Locomotive, which is evidently just discounting a favorable financial statement for 1921. Baldwin made a new high for the year. The selling of Mexican Petroleum was due to the announcement that two of its wells in the Tlaria Blanca district had failed as oil producers. One of these wells has already gone to salt water and the other has been closed in as a result of a big flow of gas. Mexican Petroleum, however, has figures to show record-making production in the Cerro Azun district.

Most of the rails held up during the selling of the oils and steels. An exception was Illinois Central, in which there is always a thin market and which reacted over four points on plans for the issuing of \$50,000,000 of preferred stock.

Call money was four per cent throughout the session.

Closing quotations:
U. S. Steel, 26 5/8, off 5/8; Am. Locomotive, 109 1/2, up 1/2; Mexican Petroleum, 45 1/2, off 1/2; Asphalt, 52, up 1/4; Studebaker, 94, off 3/4; Chandler, 62 1/2, off 1/2; Rubber, 54 5/8, up 1/8; Anaconda, 47 3/4, off 1/2; Utah, 81 5/8, off 3/8; Lehigh Valley, 60 7/8, up 5/8; Marine, preferred, 71, off 1/8.

CHICAGO BOARD OF TRADE

CHICAGO, Feb. 17.—Grain prices were lower on the Chicago Board of Trade today. Liqueous wheat, which developed and the decline was sharp despite reports of adverse weather conditions in the Southwest. Provisions were higher.

BANK CLEARINGS

Los Angeles: \$15,492,595.58.
Long Beach: \$693,452.17.
San Diego: \$349,242.21.
Pasadena: \$673,588.12.
Portland: \$5,548,306.33.
Tacoma: \$2,495,308.22.
Seattle: \$6,654,575.00.

Worn Out In Mind and Body

Your child is quick to observe disturbances in your mental attitude or physical condition. And when he asks, "What's the matter, Daddy?" there's a tone of solemn anxiety in his little voice. The depression stamped upon you reflects intensely upon him because of his profound solicitude. He at once drops his playthings and rushes to your side, but his happy smile has disappeared and his buoyant spirits are gone—replaced by a countenance of worry and a bearing of hopelessness.

Yore it is the happiness and welfare of your family to keep trim in body and keen in intellect. You are the sun and the inspiration of their lives. Dark, threatening clouds hover over their heads the instant you show signs of being "out of sorts" or "under the weather." Don't imperil their future by neglecting your health.

"Mary Blue" is found in new Ribbons

It seems to be definitely settled that two-tone ribbons hold first place in the realm of hairbows or trimmings for Spring. They have also "scooped" the honors of presenting to the American public the new English "Mary Blue," preferred by Princess Mary.

The newest wide ribbon for hairbows or dress trimming is shown in Mary Blue and Cardinal, Cherry and Black, Henna and Black. 75c a yard.

Narrow ribbon, however, leads the field for trimming. Rankin's is first in Southern California (not excepting Los Angeles) with a showing of the new patterns which are destined for universal use as sashes particularly.

They are Baronet Satins with plain colors on one side and Roman stripes on the other—two-tone stripes. There are Tan and Brown on Jade, Turquoise and Brown on Orchid, Mary Blue and Apricot on Black, Black and White on Henna, Cherry and Jade on Navy, Cherry and Grey on African.

The price is a surprise—25c a yard.

Eyelet Flouncings

A vest, a collar and the cuffs complete may be made from one-fourth yard of the new Ecu Eyelet Flouncings. Or they may be used for delightful new dresses. \$3.50 a yard.

New ecru eyelet and white Embroideries in Swisses and Organdies are priced at 85c to \$1.35 a yard.

Eyelet embroidery with beading at top—45c a yard.

Perrin's Gloves

Perrin's strap wrist gloves are very, very good. They come in black, brown, white, grey and beige kid, with wide self stitchings. \$4.50 a pair.

Perrin's long kid gloves in 8, 12 and 16-button lengths, in black, white, brown, grey and beige, are \$4.00, \$5.00 and \$6.00 a pair.

CITRUS MARKET

NEW YORK, Feb. 17.—Fourteen cars oranges and four lemons sold. Oranges ranged from \$2.82 to \$5.42. Highest price paid for eleven boxes of Blue Globes, \$5.55.

Lemon market unchanged. Averages ranged from \$3.66 to \$5.39.

Weather fair, 8 a. m. temperature, zero.

SAN FRANCISCO MARKETS

SAN FRANCISCO, Feb. 17.—Increased activity in poultry featured the market today. Higher prices were reported on broilers, fryers, young roosters and white hens. Dealers stated receipts have been lighter and floor stocks greatly reduced.

Trade in fruits and vegetables was very slow. Oranges and apples were in light demand with liberal supplies.

Lettuce and spinach continued firm and spinach was said to be selling as high as 12 to 14 cents a pound. Sacked turnips were also high, bringing from \$1.76 to \$2 a sack.

Supplies Liberal: Apples, grapefruit, oranges, bananas, lemons, potatoes, sweet, tomatoes, cucumbers.

Supplies Light: Pineapples, avocados, cauliflower, good celery, mushrooms, rhubarb, spinach.

CHICAGO LIVE STOCK

HOGS—Receipts 32,000; market is steady to 10c lower; top, \$10.40.

CATTLE—Receipts 4000; market generally steady; choice and prime, \$9.15 @ \$9.35.

SHEEP—Receipts, 9,000; market generally steady to higher; lambs, \$13.25 @ \$15.45.

BUTTER AND EGGS

LOS ANGELES, Feb. 17.—Butter, 49; Eggs, extras, 26 1/2; case count, 24; pullets, 23 1/2.

New Sweaters \$3.95

An Offer Ending Tomorrow

A special sale of Spring Sweaters that bids you farewell tomorrow. It's a rare value-giving opportunity in high grade all wool Sweaters for spring wear. A wide range of colors including Bisque, Honeydew, Copen, Mohawk, Pink, Jockey, Jade, etc. Tuxedo styles—all sizes 36 to 46. Special for TOMORROW ONLY at \$3.95.

New Girdles and Belts are made of Intertwined Leather

Simplicity in coloring, which resolves itself into two-tone effects, extends even to the new girdles and belts, for wear with new sports outfits, or for Spring gingham dresses, for example.

Girdles in grey leather intertwined with black, grey, with brown, etc., are \$1.25 to \$3.00.

Novelty belts in patent leather with white, red with black, red with white, etc., are 75c to \$1.25.

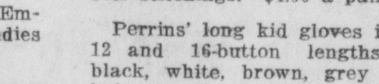

Holeproof Hose

Prices Begin at 75c

Hosiery is one of the details of the fine art of dressing to which much attention must be paid nowadays. Coloring, texture, weave, garniture and perfection of fit—ma foi, but they must be snug. Therefore, these exquisite new Spring Holeproof numbers, their shades of brown, fawn, black and white, will please you mightily. Prices are per pair 75c, \$1.00, \$1.65 and \$2.25.

Novelty Aprons

If you want to see something new, something striking, just let your eyes linger a moment on the new BLACK SATEEN APRONS, most refreshingly trimmed with Cretone or Yarns. Little bell sleeves, some bibbed effects; some scalloped skirts. \$2.25, \$4.00, \$4.50 and \$5.00.

Compare Records
You may think there is "no difference" in records. But just for the joy of it, hear your favorite popular "hit" or classic as interpreted on a Brunswick Record and you will realize the pleasing difference Brunswick recording makes.

If you want a party in your parlor every night, "ask Dad" to get you a Brunswick. The latest song hits, the newest dances, all the old favorites everyone loves—think how delightfully you could entertain your friends!

We make it easy to own one. There are Brunswicks in so many different styles that you will find one which suits you at the right price.

Our convenient monthly, semi-monthly or weekly payment plan takes care of the payments. No home need be deprived of the pleasure of a Brunswick.

Musicians Recommend The Brunswick

Because it renders true tones, conveying sustained notes of mellow quality and mighty crescendos of volume with equal facility. A remarkable achievement due to the Brunswick Method of Reproduction, embodying the Ultona and the Tone Amplifier—patented Brunswick features.

JUDGE'S RULING VICTORY FOR MADALYNNE

By FRANK H. BARTHOLOMEW

(United Press Staff Correspondent.)
LOS ANGELES, Feb. 17.—Madalynne Obenchain has won the first point in her legal fight for freedom from the charge of murdering John Belton Kennedy at Beverly Glen.

Superior Judge Sidney Reeve's decision that the long chain of circumstantial evidence involving Arthur C. Burch cannot be used to connect Mrs. Obenchain with the tragedy was today regarded as an important victory for the woman.

Chief Counsel Judd Rush, leading Mrs. Obenchain's defense, was frankly elated. He explained that the peculiar actions of Burch before the murder, his flight from Los Angeles and his subsequent statements, could not be used against Madalynne.

"The case against Madalynne Obenchain is complete despite Judge Reeve's ruling," said B. Keyes, in charge of the state's case, while District Attorney Woolwine's attention is occupied with the Taylor case, declared today.

The illness of several jurors, counsel and witnesses today forced postponement of the trial until Monday.

Deputy Prosecuting Attorney Fricke, Court Bailiff Reader and several of the others whose illness forced the postponement were said to be suffering from influenza.

RECOVER \$12,000 IN \$6,000,000 SWINDLE

(United Press Leased Wire.)
CHICAGO, Feb. 17.—Roundup of field agents of Raymond J. Bischoff and Leslie Harrington, Chicago "Ponzi" was started by authorities today.

Hone to find some of the \$6,000,000 cash drained from residents of "Little Poland" in possession of aides of the two came after \$12,000 was found in possession of Peter Yankant, agent of Harrington.

DENVER, Feb. 17.—A vigorous fight against extradition will be made by N. P. West, arrested here last week in connection with the investigation of Raymond J. Bischoff, who was arrested in Chicago following discovery of an alleged "swindle trust."

Chicago detectives arrived here yesterday and West's hearing will be held Monday when his attorneys will fight extradition proceedings.

West is charged with having connection with a wholesale confidence game.

SAYS NAME HAPPIE, MARRIED LIFE NOT

(United Press Leased Wire.)
SAN FRANCISCO, Feb. 17.—"I'm Happie by name and happy by disposition, but unhappy as a wife," Mrs. Hattie C. Silverwood told Judge Van Nostrand, explaining her suit for divorce.

She said that Frank B. Silverwood, her wealthy husband, Los Angeles merchant and popular song writer, had put all his romance into his melodies and left none for his domestic use.

On their honeymoon trip to the Hawaiian islands he was sullen and morose while the ukuleles were gaily strumming his compositions, and on their return he was unkind, and humiliated her with abuse during social functions, she continued.

Mrs. Silverwood was granted an interlocutory decree of divorce and is understood to have made a \$60,000 settlement.

MANY SEEK JOBS ON ALASKA FISH FLEET

(United Press Leased Wire.)
SEATTLE, Feb. 17.—Early recruiting for the coming Alaskan fishing season has developed that the unemployment problem has spread to that territory. Practically all of the men needed for the industry this year are being found without recourse to the outside as had been the case heretofore.

Reports from the North show that there are sufficient men available in the territory for all employment requirements of the present and applications of women for stenographic or clerical positions far outnumber openings in the territory.

Unusually heavy reservation lists for excursions to Alaska this summer point to record round trip passenger movement, say steamship men here, where the excursion fleet is being overhauled.

There is special interest manifested in the voyage to Seward, ocean terminus of the government railroad, Valdez and Cordova. Prior to the completion of the railroad the summer tourist travel centered largely on the famous "inside passage" voyage to Southeastern Alaska.

JURY DISAGREES IN DENVER DEATH CASE

DENVER, Colo., Feb. 17.—After more than twenty-four hours' deliberation, the jury in the case of William Tyson, negro, charged with the murder of Mrs. Elizabeth Reid, Los Angeles, on last Armistice day, failed to reach an agreement and was dismissed. Tyson was being held in jail today until his case is set for a new hearing.

Mrs. Reid was killed by a stray bullet while riding in an automobile. Tyson was alleged to have fired the revolver.

Today in Congress

(United Press Leased Wire.)

Senate

Discusses Bursom bill for retirement pay for disabled army officers.

House

Vote likely on interior department appropriation bill.

Naval affairs committee considers reduction in navy personnel.

Military affairs committee continues hearing on Muscle Shoals.

CONGRESS MAY GIVE CALIF. NEW SOLONS

WASHINGTON, Feb. 17.—California may get three additional congressmen in time to vote on them this coming fall, but if such is the case a special session of the California legislature will be necessary. Republican leaders have organized to force congress into action on a reapportionment of all congress districts as required under the constitution.

As many of the primaries take place in April and May quick action is imperative, and some of the larger states, which have heretofore been lukewarm, are now in favor of prompt action.

In all probability the house will pass a bill setting the new house at 460 instead of the present number, 435.

There is no probability that California would get more than three new congressmen as there is little prospect of the number of members of the house being fixed at a greater total than 460. This seems to be the compromise figure, and it will either be that or nothing. After congress acts it will be necessary to have the California legislature take action, and this can be done in ample time for primaries.

ARREST SUSPECT IN ALLEGED BOOZE RING

(United Press Leased Wire.)

SAN FRANCISCO, Feb. 17.—Charles Maddox, whom federal officials believe to be leader of a ring of Pacific Coast liquor smugglers, will be given a preliminary hearing before Commissioner Hayden here tomorrow.

Maddox, arrested at first as a suspect, was held in custody when officers discovered in his rooms a large number of automobile license plates which they think might have been removed from cars stolen by the ring, and used in smuggling operations across the Canadian and Mexican borders.

Another suspect, giving the name of Ralph Krieger, held in Los Angeles, is alleged to have named Maddox in a statement. Police are looking for two other men, also said to be ring leaders in the gang's activities.

STATE ALMOND MEN OPEN S. F. SESSION

(United Press Leased Wire.)

SAN FRANCISCO, Feb. 17.—Advisability of calling a general meeting of the almond growers of the state will be discussed at the two-day convention of the board of directors of the Almond Growers' exchange which opened here today.

Exchange Manager T. C. Tucker today will report on the progress of the almond growers' tariff fight in congress and on the results of the National Agriculture conference, at which he was a coast representative.

Others attending the session are George W. Pierce, president of the exchange; V. C. Richards of Chico, C. D. Hamilton of Banning, R. Stephen of Lodi, and E. S. Norton of Sutter.

Dyed Her Tan Skirt to Make Child a Dress

Each package of "Diamond Dyes" contains directions so simple that any woman can dye or tint faded, shabby skirts, dresses, waists, coats, sweaters, stockings, hangings, draperies, everything like new. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is guaranteed, even if you have never dyed before. Tell your druggist whether the material is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade, or run.—Adv.

Instant Relief! Don't stay stuffed up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up any cold.

The very first dose opens clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness.

"Pape's Cold Compound" acts quick, sure, and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

Betrothals Weddings Receptions

Smart Afternoon Bridge Interests Guests of Joint Hostesses

Charming in all its appointments was the afternoon bridge with which Mrs. Dean Collier and Miss Marvel Hammond yesterday entertained a group of friends at the pretty Collier home, 922 Orange avenue.

Clusters of sweetpeas with maiden-hair fern were arranged throughout the rooms, while the valentine season was suggested by the score cards used for the game, for which six tables were utilized.

Charming gifts were bestowed on the winners of the afternoon's series, the first prize of a lovely pottery vase with the design in relief, going to Mrs. George Scovel, while a smaller vase of the same beautiful ware and design was awarded Mrs. John Tubbs, Mrs. Bertrand West, for consolation, received a pair of Frenchy garters of dull blue ribbon and gold lace, decorated with tiny rosebud clusters.

At 4:30, as the guests remained seated at the cardtables, these were spread with pretty linen lunch cloths while in the center of each table, a tall crystal compote decorated with a flurry of red tulle, held red and white mints.

Smaller bowls of the same airy material, adorned the handles of the attractive crocheted baskets which marked each place and which held salted nuts. The delicious menu of fingered jellied veal, molded almond salad topped with mayonnaise and nut bread, sandwiches, olives and coffee.

Mrs. Collier and Miss Hammond were assisted in serving, by their mothers, Mrs. L. A. Collier and Mrs. T. E. Hammond, and the guest list included Mrs. Paul Davis and Mrs. Arthur Beaumont of Hollywood, Mesdames Harry Kendall, Anthony Adams, Clyde Whitney, Otto Jacobs, Lester Tubbs, John Tubbs, Howard Timmer, Henry Lockett, E. D. Whitson, Spencer Collins, Frank Pinkerton, James Livesey Jr., Don Andrews, Thomas Willits, Mayme H. Bailey, George Scovel, John Jacobs Jr., Homer Robinson, Bertrand West, Robert Paine Jr., Albert Fields, Charles Kendall, Louis Briggs, Nelson Edgar, Willard Nelson, the Misses Grace Hall, Louise Tubbs and Virginia Metzgar.

Afternoon Wedding of Interest to Friends

An interesting wedding occurring yesterday afternoon at 2 o'clock, was that of Miss Berenice Lucille Brown, daughter of Mrs. J. F. Dersham, 811 East First street, and Earl Basil Harper of 815 East First street.

The Rev. C. E. Linder of St. Peter's Lutheran church, was the officiating minister, and the happy couple left at once for their new home, to be made here in the city.

Mrs. Harper, previous to her marriage, was connected with the bookkeeping department at Spicer's department store, while Mr. Harper is a fumigator.

Household Economics

Suggestive of the natal anniversary of Washington were the appointments of the luncheon which members of the first section of Household Economics of Ibbell enjoyed yesterday afternoon at the home of Miss Rosa Boyd, with Miss Boyd, Mrs. C. V. Davis and Mrs. I. W. Van Cleave as gracious hostesses.

At 1 o'clock, the guests found their places at the table by means of clever little hatchet place cards, while the mass of jonquills which formed the centerpiece, nodded a gay welcome. Nor was the Father of His Country forgotten in the menu served, for cherries figured wherever possible, and the delicious pastry with which the luncheon ended, was cherry pie, toothsome and flaky.

At the business session which occupied the afternoon, Mrs. William L. Tubbs presided in the absence of the section leader, Mrs. Owen Robinson, and the interesting plans for the future work of the section, were outlined. These include the adding of all the proceeds from the regular luncheons, to the clubhouse fund, and it is anticipated that the end of the club year, will see approximately fifty dollars to be given to the fund.

St. Ann's Inn was another interesting subject discussed, and the numbers were unanimous in their assertions that the Inn needed more recognition elsewhere, to be gained from proper advertising. Among measures advocated, was that of establishing a sign at the Fifth Street entrance to the city and on the main San Diego thoroughfare, of the same plan as that marking the Main Street entrance, and calling travelers' attention to the Inn.

Miss Carol Van Cleave offered several charming vocal numbers including Chaminade's "In the Meadows Fair" and "Dance of the Dragon Flies" by d'Hardelot.

Fifteen members of the section were present to enjoy a very pleasant afternoon.

Eastern Star

Hermosa chapter, O. E. S. is planning an interesting session on the evening of February 20, when the grand officers of the state will make their official visit.

Seaside chapter of Huntington Beach will meet in joint session at the Masonic temple at 8 o'clock, and the exceedingly interesting evening will close with a social hour during which refreshments will be served.

Proceeding the lodge session, the grand officers will be entertained with a formal dinner at St. Ann's Inn with members of the Past Matrons' association acting as hostesses.

Charming Wedding Unites Well-Known Young Nurse and Los Angeles Physician

Warm friends of Miss Cassie E. Pearson, daughter of Mr. and Mrs. Thomas Pearson of Bakersfield, were interested today in the announcement of her marriage to Dr. Robert Earl Grogan, which occurred Wednesday, February 15 at 4 o'clock, in the living room of the nurse's home at the county hospital, Los Angeles.

Sixty guests witnessed the impressive ceremony which was performed by the Rev. Dr. Francis of Temple Baptist church, Los Angeles amid a setting of white blossoms of the narcissus.

Miss Pearson was charming in a bridal gown of white satin, draped with shadow lace. Her long lace veil swept to the floor from a chapel of orange blossoms, and she carried white bride's roses and lilies of the valley.

Attending her as bridesmaid, was Miss Louise Calhoun of this city, who wore a smart frock of apricot organza and carried pink roses. Little Mildred Pearson, tiny daughter of Mr. and Mrs. Leslie M. Pearson, 1515 West Fourth street, and a niece of the bride, scattered sweet peas from a dainty basket, in the path of the bride party.

Dr. S. W. Woods of Los Angeles, acted as best man for his brother physician and when the words pronouncing Dr. Grogan and Miss Pearson, husband and wife were spoken, their friends gathered around to extend their good wishes.

A pretty ceremony was made of the cutting of the bride's cake, a delicious confection baked by Miss Leola Phelps, a close friend of Miss Pearson. With this, was served gold cake and angel food, with hot coffee refreshments carrying the color harmony of white and gold.

Miss Pearson was a graduate of the Santa Ana high school after which she took a three years' training course at a Los Angeles hospital and for the past year has been assistant instructor at the county hospital.

Dr. Grogan is one of the hospital staff of physicians, and will continue in that capacity upon return from the two weeks' motor honeymoon.

Mrs. Pearson of Bakersfield was down for the wedding, which was also attended by Mr. and Mrs. J. Wiley Harris and Mr. and Mrs. Leslie Pearson of this city.

Merry Party at Parsonage Home

Twenty-six jolly, laughing girls attended a merry party held at the home of the Rev. J. L. Parks at the United Brethren parsonage last night when the Rev. Mr. Parks and Mrs. Parks were genial hosts to the senior class and Class No. 2 of the Sunday school.

The earlier part of the evening was spent in planning for the organization of the two classes and adopting suitable names and mottoes. But business soon gave way to fun and a spirited hunt for hidden candy corn, ended in a merry scramble.

Sugared popcorn was enjoyed by all the young guests who were accompanied by their teachers, Miss Dorothy Clem of the intermediate class and Mrs. Grout of the seniors.

Relief Corps

Added to the large local attendance at the regular meeting of the W. R. C. held yesterday afternoon at G. A. R. hall, were twenty-five members of Gordon Granger corps of Orange, including Mrs. Hell, the president.

Mrs. Kate Lee and Mrs. Leon Dietrich were initiated into full membership during the business session, while three applications for membership were received, bringing the present enrollment of the corps, to 350 names, all in good standing. This was considered matter for congratulation by the organization, especially in view of the fact that dues have doubled within the year.

The presence of Mrs. Nation of Kansas, a past national president, gave the members and guests the pleasure of hearing a most interesting talk, wherein the speaker highly complimented the local corps and the most efficient and popular president, Mrs. Estelle Ludwig. Mrs. Nation laughingly disclaimed any relationship to the well known Carrie Nation also of the Sunflower state.

Mrs. Hell of Orange followed with an entertaining talk after which the guests were asked to the banquet hall where they were regaled with delicious little cakes, doughnuts and coffee, which Mrs. Ludwig had arranged as a surprise feature.

Social Calendar

February 17—Washington Birthday party at Spurgeon Memorial church; auspices of senior Epworth League; 7:30 to 10 p. m.

February 28, March 1—"Pirates of Penzance," under auspices of Orange County Choral union; high school auditorium; 8:30 p. m.

Golden Wedding Day Is Celebrated By Family and Friends

Mr. and Mrs. Frank Stork, who were honor guests at a surprise dinner arranged by their daughter, Mrs. Christine Stork Gorman, 711 East Sixth street, on their golden wedding anniversary, February 12.

Mr. and Mrs. Stork were married in Mineral Point, Wis., in 1872, and have been true pioneer spirits, ever adding the march of progress westward.

They make their home with Mrs. Gorman in this city, but have a son and a daughter residing in Pasadena, as well as children in Iowa and New York.

Christian Endeavor

With the Christian church community house offering a valentine setting of hearts, red geraniums and ferns, a pleasant evening was enjoyed recently by the young people of the intermediate Christian Endeavor society when the "violets" as losers in a contest, acted as hosts to the "roses."

Lively games were played and refreshments of sandwiches, pickles, hot chocolate and cake were served to twenty-four boys and girls.

The Endeavor meeting held on Sunday night preceding the night of the party, and which marked the actual close of the contest, was a clever affair arranged backward and led by Miss Eva Taylor.

Under her direction, all sat facing the rear of the room, songs were sung backward, and the meeting, which opened with a benediction, finally closed with an opening hymn.

Reserved seats for Whittier Men's Chorus—Sam Stein's, 35c and 50c.

Friends Gather for Evening at Bridge In Honor of Departing Guest

Mrs. J. L. Clayton of Rockwell City, Iowa, who, during her three months' visit with her mother, Mrs. A. M. Gardner of East Washington street, has been the incentive for many pleasant social affairs, was guest of honor last night at a delightful bridge party given by Mr. and Mrs. O. A. Haley, 327 East Washington street.

Mrs. Haley used a springtime motif in her lovely home, great clusters of mustard bloom emphasizing the yellow note, while pink primroses peeped from low bowls.

A spirited series of games was enjoyed, and the victors were awarded pretty gifts, Mrs. A. N. Zerman receiving a picture of Orange County park while a charming landscape fell to the lot of Mrs. Alex Brownridge. Mayor Mitchell received a deck of fine playing cards, for his prowess and a second prize for the men went to W. A. Williams who received a "put and take" top.

Late in the evening, the hostess served a delicious menu at the small tables, centered with potted primroses, and with dainty nutcrackers, pink for the ladies and yellow for the men, holding salted nuts. The menu carried the prevailing springtime colors of pink and yellow as far as possible, harmonizing with the place cards and other table appointments.

Mrs. Clayton plans an early return to her Iowa home, so last night's affair was in the nature of a farewell from her friends.

Mr. and Mrs. Haley's guest list included in addition to the honor guest, Mrs. Clayton, and Miss Margaret Haley and Hugh Haley, the young people of the home: Mrs. A. M. Gardner, Mr. and Mrs. Harvey Gardner, Mr. and Mrs. E. R. Roehm, Mr. and Mrs. Frank Sawyer, Mr. and Mrs. A. N. Zerman, Mr. and Mrs. H. H. Bruns of Ottumwa, Iowa, Mr. and Mrs. G. E. Bruns, Mr. and Mrs. Elmer Bowers, Mr. and Mrs. Alex Brownridge, Mr. and Mrs. W. H. Smith, Mr. and Mrs. B. D. Peterson, Mr. and Mrs. John Mitchell, Mr. and Mrs. W. A. Williams.

Baby Daughter Arrives

Santa Ana and Orange friends were very much interested in the announcement of the birth of a little daughter to Mr. and Mrs. George Ashley of Peoria, Ill. The tiny girl arrived February 5 and has been christened Georgia Darlene. Her mother will be remembered as Miss Naomi Doriston of Orange.

News Notes of Interest to Clubwomen

Hilarity and Mirth Reign at Dinner Party for Bible Class Members

When the Rev. Perry F. Schrock entertained his Bible class at a delightful three-course dinner last night, a hilarious evening resulted with the gathering of a group of twenty young men, at the home of Mr. and Mrs. F. P. Nickey, who came to the rescue when the crowd threatened to overflow the more limited space of the Schrock diningroom. Probably no one enjoyed the evening more than the Rev. Mr. Schrock and Mrs. Schrock and the "sub-hosts," Mr. and Mrs. Nickey, who entered into the general merriment with enthusiasm.

Following the serving of the dinner at a table centered with gleaming emeralds, whose yellow radiance was repeated on the place cards, the guests gathered around the piano where all the dear old songs were sung, shouted and laughed through. The presence of several members of the orchestra with their instruments, offered a pleasing variation to the music.

Guests on the occasion, included in addition to Mr. and Mrs. Nickey, Messrs. Harold Kellogg, Frank Kellogg, Robert Waters, Wesley Graser, Franklin Nickey, Edward Grothier, Edmund Hobart, Everett Thatcher, James Wood, Homer Cain, Schuyler Bigelow Jr., Stuart Carrier, Edward Blake, Clifford Quisel, Norman Hicks, Joseph Hawthorn, Harold Wright, Miles Crookshank, Charles Etchison, Russell Rowland and Dwight Clapp.

Sub-Deb Club

One of their usual merry evenings resulted last night when the Sub-debs met with Miss Velma Mannett at her lovely home, 1402 Bush street. The group of girls composing the club, is one that is not quite ready to take up the social duties of their elders, and are determined to enjoy the pleasures of girlhood before their formal bow to society is made. Their bi-monthly meetings at the homes of the various members, are always productive of a merry time, and are devoted to cards or dancing as fancy wills.

Last night, cards happened to be the chosen diversion, and at the close of the games, Miss Mannett served a dainty supper, with salad course followed by sweets.

Miss Iris Head, as a new member, joined the pleasant little coterie composed of the Misses Velma Mannett, Isabel Riley, Glennagene Hill, Hazel Hamilton, Dorothy Traveler and Lucille Longmire.

Many Fine Spring Suits at \$35

We are now offering many extraordinary values in new Spring Suits of Cassimere, Serges, Worsteds, etc. These are in sport models, and styles for young men and men of more mature age. Certainly they are worth your attention at \$35.

TELLS BENEFITS OF ADVERTISING IN TALK HERE

"Advertise, advertise, advertise."
Henry S. Rosenthal, Cincinnati, Association News, the official organ of the United States Building and Loan league, hammered home this advice here last night to the Home Mutual Building and Loan association, whose guest he was.

"Your association should be spending from \$3000 to \$5000 each year, and your assets would increase \$1,000,000 a year for five years," was the message he left with the directors of the Home Mutual.

Rosenthal, who has been actively associated with the building and loan movement for more than forty years, is regarded as one of the best-posted men in his line in the United States. The speaker said that he was pleased and surprised at the record of the local institution, declaring that associations with assets of over \$1,000,000 that had not advanced money to borrowers during the year, were extremely rare. He said the delinquent list of the association showed that Orange county was one of the most prosperous counties in the United States.

Asserting that he is an earnest advocate of standardization in charges and expense of making loans in associations, Rosenthal said that he was opposed to charging a commission when making loans. He gave it as his opinion that all fees for membership should be dropped.

Rosenthal, who recently appeared at a banquet in Los Angeles, surprised Mayor Cryer and other city officials by his aptitude in quoting off-hand facts and figures concerning the percentage of home owners in the Angel City.

Among other things, he told the Angelinos that some way must be devised whereby the percentage of home owners could be increased, rather than decreased, as was the case in the ten year period from 1910 to 1920.

In advising the associations to advertise, Rosenthal said he could not too strongly urge the necessity for such campaigns, and declared that the results would be both far-reaching and permanent if this advice is followed by the local association. President Charles F. Grim was among those present to welcome Rosenthal.

Daughters of Confederacy

When Emma Sanson chapter U. D. C. met yesterday with Mrs. Kate Bradford, 324 French street, it was to hear a most interesting address by Dr. McRee of Union City, Tenn., who was an honored guest of the chapter through the courtesy of Mrs. H. W. Head.

Dr. McRee and Dr. Head were former comrades in the Little Tennessee city, and the afternoon's talk was of the "Old South."

Mrs. Victor Montgomery added to the enjoyment by a humorous reading entitled, "Ananias Africanus," by Harry Stilwell Brown, a noted southern writer. Ananias lived up to his Biblical name, in his telling of the possessions of his master in those far-away days of '65.

Among matters of business discussed, was the proposed Confederate monument to be erected in Los Angeles by the southerners of California.

During the social hour following the program, Mrs. Bradford, assisted by her daughter, Mrs. Ray Stedman, Mrs. Geraldine Tucker, and Mrs. Lavina Mayfield, served dainty little cakes with hot chocolate and a delicious apricot fruit cup to the forty guests who were present.

Mrs. Tucker and Mrs. Alice Over-shiner extended an invitation to the chapter to be their guests for the next meeting, at the home of Mrs. Tucker.

1919 Whist Club

When members of the 1919 Whist club met last night with Mr. and Mrs. J. R. Decker at their pleasant home, 1060 West Second street, the husbands were honored guests and thoroughly enjoyed the games of whist which offered the evening's diversion.

The valentine season offered the motif of the decorations, with valentine tally cards being used and red hearts being in evidence throughout the rooms.

Mrs. Fred Claner was the most skillful player among the ladies present and received head prize for her efforts while among the men, Otto Ristow was equally fortunate. Mrs. Ennis Sayer and Fred Claner were awarded the consolation prizes.

Is That Cold and Cough Hanging On?

YOU will be convinced that Dr. King's New Discovery does just what it is meant to do—soothes coughs, raw throats, congestion-tormented chests, loosens the phlegm pack and breaks the obstinate cold and grips attack, relieves the congestion in the head. MADE IN THE CUP
AT THE TABLE

There is no coffee-pot waste—
if you use G. Washington's Coffee

It is estimated that more than 25% of all bean coffee made is wasted! G. Washington's Coffee is made at the table by just adding water—each cup to order, without coffee-pot or percolator. Strength to suit individual taste.

It is the most economical. For family use the larger size cans are recommended. Each can of G. Washington's Coffee is equivalent to ten times its weight in roasted bean coffee.

Measure the cost by the cup—not by the size of the can. Never varies. Always delicious. Easy. Healthful. Absolutely pure coffee. Nor a substitute. Every can guaranteed to give satisfaction.

Booklet free. Send 10c for special trial size.

FIGHT TO LOWER ELECTRIC RATE SEEN IN PLANS FOR TONIGHT

Chambers of Commerce of County to Hear Battle Moves at Newport

EXPECT STRONG ACTION

City Attorneys of South Pasadena and Pasadena to Present Views

Development of plans for organization by the cities of Southern California to appear before the railroad commission in the future to fight for lower rates on electricity will be disclosed at the special meeting of the Associated Chambers of Commerce of Orange county at the Newport Harbor Yacht clubhouse to night, it was expected today.

This conclusion is based on the fact that the City Attorneys' association of Southern California has publicly announced such plans and that officials of that association are to be speakers at the meeting.

According to reports from the Balboa committee, in charge of tonight's meeting, reservations have been made by many of the most prominent and active men of the county, and action of considerable importance is anticipated.

The scheduled speakers are William Hazlett, city attorney of South Pasadena, and James Howard, city attorney of Pasadena. It is expected that Orange county men will participate in the discussion and express their views on the plans of the association.

The association of city attorneys contemplates the creation of a fund to employ experts to gather data on valuations of Edison property, costs of operation, etc., to be used when hearing on rates are begun before the railroad commission, it is understood.

Cities of the Southland have been requested to appropriate stipulated amounts for such a fund, the suggested amount for Santa Ana being \$750. The city council here has not made such appropriation and following the reading of a communication from the association, Mayor John G. Mitchell was requested to make investigations as to the plans and advisability of making such an appropriation.

The dinner tonight is announced for 7 o'clock.

APPEALS COURT FIGHT LOSERS SERVE TERMS

A. C. Dingle and William Wignall are both now serving the sentences which they received from Superior Judge Z. B. West last summer and which they failed to upset by appealing to the district court of appeals, it was learned today.

Dingle, whose home is at Anaheim, was sentenced to six months in the county jail August 10, last, in connection with a charge of driving an automobile while intoxicated. He started serving his term December 23, after his bondsmen had surrendered him to the authorities. Accordingly, his sentence will expire June 23, next.

Wignall, who was convicted of criminal conspiracy against the First National bank of Yorba Linda and sentenced to a term of from one to ten years at San Quentin, was taken to state's prison July 25, last, and has been serving since that time.

The Grand officers of the O. E. S. will make their official visit Monday evening, Feb. 20th. Seaside Chapter will meet in joint session with Hermosa. Refreshments will be served. All members and visitors cordially invited.

If it's cleaned by The Sutorium, it's cleaned right. Use your phone, call 279.

Police Here Unmoved as Prisoner Claims He Slew William D. Taylor

A local prisoner, E. F. Holderman, had today provided the Santa Ana police with the best sensation yet developed in the Taylor murder case—a confession, more than that, a claim, to the murder.

Yet the police seemed strangely unmoved by their prize and, to his probable disappointment, merely lodged a modest misdemeanor charge against the man. Holderman, who is a giant in stature, was said to be in festive mood when plucked from the gallery of a local theater last night by Officers Murray and R. Elliott. He had been obligingly reading and explaining the picture titles to the rest of the audience in a generous, if somewhat unsteady voice, the officers said.

When brought to police headquarters, he informed City Marshal Sam Jernigan that he was from Catalina and that he had murdered William D. Taylor. Jernigan also gathered from his conversation that Holderman was intimately acquainted with Julius Bonaparte and that he was in a hurry to keep an engagement with the King of Spain.

Jernigan assured him that the king could wait until City Recorder W. F. Heathman looked into a little matter of disturbing the peace. While Holderman wept at this decision, the officers led him to jail.

LANGUAGE CLUBS AT POLY AWAIT FOREIGN FETE

A Roman wedding, a gladiatorial combat, a Spanish bull fight, a Parisian ballet—all these may be viewed in their original glory within the confines of the high school auditorium March 10, when the members of the three foreign language clubs of the high school present "The Foreign Fete," according to announcement today.

The three clubs, the Spanish club under the direction of the Misses Mary Swann and Ruth Frothingham and C. D. Chamberlain; the French club under Miss Lella Watson, and the Latin club under the direction of the Misses Josephine Arnold and Anna Trythall are uniting under the general supervision of Miss Watson in preparing for the spectacle, which, they declare, will eclipse any former attempts.

The Latin club plans for the production include a gladiatorial combat scene with the stage resembling an arena. The emperors and empress, and scores of spectators are to fill the tiers of seats while the gladiators engage in battle. Another feature will be a Roman wedding.

A Spanish bull fight, with terrors, gay costumes and all, is promised by that club. A serenade, with a Spanish street scene, is assured in addition, with a short Spanish play, to be given by native Spanish-speaking pupils as a concluding event in this portion of the program.

A French ballet, with gorgeous costumes and effects, and an English-French farcical comedy are being rehearsed by Miss Watson's students.

Prizes have been offered to the pupils of Orange county schools, in an effort to secure attractive posters advertising the affair.

FORD SMASHES WHEEL IN BRIDGE COLLISION

Repairs were in order today for a Ford coupe, belonging to E. H. Littell, which broke a front wheel in colliding last night with the concrete side of the bridge across the Santa Ana river on West Fifth street, according to a report made at police headquarters. Police Officers Combe and Lionchief, on their rounds, found the car acrosswise on the bridge. They discovered that the owner had gone into town to seek aid in towing the car to a garage.

OPERA TROUBLES ARE OVERCOME IN PIRATES

Next Choral Union Effort to Feature Special Lighting Arrangements

Have you ever thought about the multiplicity of problems that face the producers of amateur theatricals—problems which are solved for professionals by paid employees who attend to all details of scenery, costumes and lighting?

All such problems face the members of the Orange County Choral Union at each of their performances, and that they were solved in a satisfactory manner in "The Mikado" will be attested to by the satisfied audience. But very few in that audience had a realization of the amount of mental and physical strife and stress necessary to produce the finished performance.

And that same strife and stress has arisen once more in connection with the second performance, "The Pirates of Penzance" to be given at the high school auditorium February 28 and March 1.

But there are blessings scattered along the way, today declared Ellis Rhodes, director of the organization; occasionally a cloud tilts enough to allow a glimpse of its lining, and such a glimpse was witnessed a few days ago when the burden of stage lighting was removed from his shoulders.

The Pirates are to have more light than is usually accorded the full deeds of those who sail the high seas on piracy bent, for under the management of E. R. Johnston of the Sid Grauman organization, Los Angeles, the stage lighting will all be worked out well in advance of the performance.

Different lighting effects for the different scenes will be tried out, and the best and most appropriate in each case decided upon, it was declared.

The Grauman organization, ever interested in community work and advance, has offered to lend all special lights needed for the two performances, and this will give the union a splendid advantage in presenting some of the difficult scenes of the opera.

Members of the costume committee also felt that they were particularly fortunate in having to assist them, a woman of such great experience as Mrs. H. R. Youngling, former costume designer for Fox and Universal studios.

Under Mrs. Youngling's capable directions, the work on the pretty dimity frocks for the fair members of the cast, is moving rapidly along.

These costumes were all designed by the committee, made up of the Misses Edith Cornell, Dorothy Mead, Ruth Frothingham and Mrs. Ellis Rhodes, and the charm of the dimity frocks is that of an old-fashioned garden, filled with the posies of an earlier and a simpler day.

Mignonette, rosemary, gilly flower, hollyhocks, all are recalled to mind and their sweet fragrance is seemingly a part of the whole pretty little opera, speaking as it does, of a day when gallantry was supreme and "Knighthood was in flower."

These pretty and quaint little gowns will be worn by the daughters of General Stanley (Fred Wilde) and their companions. Of these daughters, Mabel, the youngest, will be played by pretty "Peggy" Warner, whose dignified name of Margaret should be doffed and the familiar diminutive used as long as she takes a part so radiant of "The ender and old lace" as is the part of Mabel.

Her sisters, Kate, Edith and Isabel, will be played by Misses Dorothy Meade, Kathleen Owens and Esther Pember, while Miss Edith Cornell will give a wonderful interpretation of Ruth, the practical little maid-of-all-work.

Reserved seats for the performances are meeting an extraordinary sale, it was declared by those in charge, and a record attendance is anticipated for each of the two performances.

Big dance at Campbell's Hall, Orange, Sat. Nite, Feb. 18.

Daughter of S. A. Pioneer Leaves to Study Art, Gardens of Europe

Miss Florence Yoch, landscape architect, daughter of Joseph Yoch, 1012 North Main street, pioneer of Orange county, was en route today from Pasadena to New York, whence she will sail shortly on the Providence of the Fabre line for Europe.

Miss Yoch, who drew the plans for beautifying Orange county park, upon her return will open open offices again at Pasadena.

Miss Lucille Council, of Miss Yoch's office, is accompanying her on the tour, which will take them to Italy, Spain, France and England. In these countries they will study gardens and architecture.

MEN TAKE CAR AWAY; THEY WERE MECHANICS

After George Spencer, 113 Halladay, had reported to the police that a Ford coupe had been parked in his driveway all night and that three men had appeared early today, two of them entering the car and driving it away, an investigation disclosed that the owner, F. B. Hyde, 120 South Birch street, had been forced to leave the car there last night because of mechanical trouble. He called for it today.

\$1000 AID FOR OVERSEAS JEWS PLEDGED HERE

Poly Takes On Orange Here; Will Meet Fullerton Next Week

Three teams of local Jewish people today were organized for a campaign among their people for contributions to a fund for relief of Jewish war sufferers overseas.

At a meeting of twelve Jews of Santa Ana and vicinity last night at James's cafe contributions were pledged, aggregating \$1000 were made, following an address by Dr. F. Magnin, of Temple B'nai Brith, of Los Angeles. A dinner preceded the session.

Organization was effected by electing Stanley Reinhaus president, Max Reinhaus, treasurer, and Sam Hurwitz, secretary.

Three soliciting teams of two men each were appointed as follows: J. Goldsmith and S. P. Sender, S. L. Newman and Sam Roth, H. Gold man and S. Grauz.

The teams will confine their soliciting work to the Jewish people of this vicinity, but contributions by others will be welcome.

The quota in the Palestine Foundation fund of \$100,000,000 for that portion of Southern California south of Los Angeles is \$250,000. Santa Ana and Orange county have not been assigned definite quotas but the Jews of the county intend that their subscriptions shall be generous and the county's financial contributions in proportion to other counties of similar population.

The final meeting of the teams and committees engaged in the work will be held at James's cafe next Wednesday evening, when it is expected reports will disclose liberal subscriptions.

Those present last night were Dr. Magnin, Los Angeles; J. Goldsmith, S. L. Newman, H. Goodman, M. Karp, S. Grauz, Sam Hurwitz, H. Kaplan, S. Roth, Max Reinhaus, Stanley Reinhaus, Santa Ana; S. Horowitz, Garden Grove; S. Silverman and I. Gladstone, Fullerton.

LEGIONNAIRES TO MEET HUNTINGTON BEACH, Feb. 17.—A full attendance of the members of the local post of the American Legion is anticipated when the post meets next Monday night at the American cafe. Dinner will be served at 8 p. m.

All machine needles. Hawley's.

GUSHER SPOUTS 1000 BARRELS OIL DAILY

Argonaut Company Well at Beach Close Rival of Bolsa Producer

Orange county residents interested in oil developments in this county today were immeasurably pleased by the announcement of W. H. Taylor, president of the Argonaut Oil company, that Turley Well No. 2 of this company, located near the Huntington Beach high school, brought in Wednesday, was flowing at the rate of 1000 barrels daily.

According to those in close touch with oil activities at the beach city, this well gives promise of developing into one of the best producers in the Orange county field. The oil is 26 gravity and was said to be almost entirely devoid of sand content. The flow, which was so strong that it caused a bend in the pipe line, is expected to increase until it rivals the production of the Bolsa well of the Standard Oil company, now flowing at the rate of 1008 barrels daily.

"The Turley well at present looks like one of the best producers in the Huntington Beach field," Taylor said, in commenting upon the fact that the new well was likely to give the Standard's star producer lively competition.

Other wells brought in at Huntington Beach this week included the Volmer-Meyers No. 1 of the Petroleum Midway company, which, after being re-drilled, today was producing 300 barrels of 27 gravity oil. Officials said they expected to double the output of this well as soon as sanding difficulties have been eliminated. The well was deepened from 3380 to 3511 feet. This increased the gravity from 25 to 27.

Total production for the week in the Huntington Beach field was 20,234 barrels, a gain of 2754 barrels over the previous week. This was the highest figure in the history of the field. Sixty-six of the ninety companies in the field were producing oil at the close of business yesterday. The daily average per well was 307, as against 291 barrels last week.

New ventures included the plan of the Standard to drill Community No. 1 on the 20-acre tract East of Delaware avenue and the extension of this company's boundaries toward Tustin. The Holly company was preparing to drill a No. 2 well north of the company's No. 1 well.

Many Santa Ana and Orange county citizens deeply interested in water conservation and flood control were expected to attend the joint farm center meeting scheduled to be held at the Orange high school auditorium tonight at 7:30.

The committee in charge of arrangements, composed of Gus Struck, George Ellistie and Henry Campbell, has planned an attractive program, including musical selections by the Korina brothers, and a number of prominent speakers were expected to address the gathering.

Included in the list of speakers was H. C. Head, Santa Ana attorney, who will discuss the work of the Tri-counties conservation committee.

C. E. Utt of Tustin, who has made an exhaustive study of water conservation, will also speak.

Tickets for the entertainment which is to be held under the auspices of the Santa Ana Junior college have been placed on sale at Sam Stein's.

The Whittier men's chorus last year gave a concert at Arrowhead Hot Springs for the benefit of convalescing soldiers of the World war. They took with them a quantity of fruit, nuts, jelly, cookies and preserves and gave them to the disabled veterans.

Soon afterward the chorus went to Los Angeles county farm and gave a full program for the inmates there. While the drive was on to raise funds for the furnishings for the new Whittier hospital, a present of Colonel Murphy of Pasadena, the men's chorus was among the first to furnish one of the rooms.

"Their efforts have been successful in every program that they have undertaken," said a member of the junior college entertainment committee today in discussing the men's chorus.

ORANGE SHOW MAID HAS PRIZE TO GIVE SOME LUCKY PATRON

Bobbie St. Clair, this apron-bedecked San Bernardino maid, is holding high in the air her prize for the visitor at the Twelfth National Orange show to be held at San Bernardino February 17 to 27 inclusive. Her basket of golden fruit will never be emptied at the orange show this year, thousands of oranges being available for the visitors. The exhibits and rack displays this year will break all records for the annual exposition of the orange.

ORANGE MEETING WILL FOCUS ON WATER TOPIC

Many Santa Ana and Orange county citizens deeply interested in water conservation and flood control were expected to attend the joint farm center meeting scheduled to be held at the Orange high school auditorium tonight at 7:30.

The committee in charge of arrangements, composed of Gus Struck, George Ellistie and Henry Campbell, has planned an attractive program, including musical selections by the Korina brothers, and a number of prominent speakers were expected to address the gathering.

"Their efforts have been successful in every program that they have undertaken," said a member of the junior college entertainment committee today in discussing the men's chorus.

Scores of Santa Anas and Orange county residents will be present at the opening of the Twelfth National Orange show at San Bernardino tonight, according to J. C. Metzger, secretary of the Chamber of Commerce.

Opening ceremonies will be devoid of flourishes. It is the plan of the Orange show management to make the program a short one in order to avoid tiring out the big crowd, which, on the opening night, is more desirous of seeing the initial beauties of the show rather than listening to long addresses.

At 6 p. m. the guests for the opening will gather with the officers and executive committee at the Elks club for the opening banquet.

It was expected that fully 100, including a number from Orange county, would assemble for this feature, after which the official party will proceed to the show grounds, where the opening ceremonies will take place at 8 p. m. from the stage.

J. B. Gill will preside at the opening program and will introduce President Z. T. Bell, who, in brief remarks, will officially declare the show on.

As this announcement is completed, the Elks band will strike up, "I Love You, California," which will be sung as a duet by Miss Los Aldridge and Harry Hahn.

The principal address of the evening will be made by J. C. Metzger.

It was pointed out that those expecting a long-faced, dry, sanctimonious sort of meeting in this community Bible class would be disappointed.

"The Men's Bible class," Crasher continued, "is a sort of clearing house for community troubles. The men of the class are not only forming close associations that are pleasant, and listening to a snappy, interesting program each Sunday morning, but they are also doing a lot of good. Not long ago they built and completely equipped a home for a needy widow and her children. They have an employment bureau that is active, finding jobs for jobless men and boys and they do a lot of good work among the sick and helpless of the community—a bunch of flowers here and a basket of fruit or provisions there—that sort of thing. There is a job in this company of men for every red-blooded American in town."

Just now, however, the defeat of the old football enemy, Fullerton, appears to be the chief task before the class. It is numbers that count and the spirit of sportsmanship which abounds in Santa Ana is expected to swell out and smother any effort the

WATER TO BE TOPIC OF MEETING

(Continued from Page Seven)

ditions in the Santa Ana valley, will explain in detail his proposal, made to the water conservation committee of the Associated Chambers of Commerce, that a huge dam be constructed at Prado, in Riverside county, to impound flood waters for the benefit of Orange county.

O. E. Steward of Anaheim will discuss the irrigation possibilities of the Santa Ana river and will illustrate his address with maps and figures covering the river's flow and the falling water plane.

West Orange, El Modena, Villa Park and Tustin Farm centers will unite in this meeting, and a cordial invitation has been extended the public to attend the session. W. M. Belding will deliver the directors' report.

ORANGE SHOW MAID HAS LUCKY PRIZE

(Continued from Page Seven)

ing will then be given by B. F. Bledsoe, United States district judge of Los Angeles, and a native son of San Bernardino. Other brief addresses will be delivered by prominent Californians.

Drawn by the special attractions arranged for them on Orange county day, many more Santa Anans and Orange county citizens will attend the big show tomorrow. Entertainment features will include selections by the Anaheim quartette, secured by A. S. Bradford of Placentia, in active charge of the arrangements for Orange county's representation at the show.

Under the direction of the Misses Bertha Stein and Ruth Rowland, teachers of domestic science, the Santa Ana high school cooking and home cooking class will utilize oranges and lemons of Orange county in the preparation of jams, jellies, marmalades, pies, cakes, salads, candies, candied orange peels, gelatines, cookies, lemon butter and lemon honey in a six-foot booth to be decorated with oranges and lemons. Prizes of \$50, \$30 and \$20 and ribbons are offered.

The exhibit this year are greater and more in number than ever before. The Los Angeles Chamber of Commerce will have a novel display for the first time in the history of the exposition. Many organizations will be represented.

Reserve Special Dates

Special days have been reserved for the Rotary, Lions and Progressive Business clubs of Southern California. The Rotarians will have Tuesday, February 21, the Progressives Wednesday, February 22, and the Lions Thursday, February 23.

On each of these days the San Bernardino club of each of these organizations will entertain the visiting members at a banquet and program, giving them ample time to view the Orange show, where special features have been provided in their honor.

Hundreds of Rotarians were expected to attend the show on Tuesday. On Wednesday the charter banquet of the Progressives will be held at Governor W. D. Stephens, a charter member of the Sacramento club, has been invited to attend. On Thursday the Lions will entertain the governor, this being his day at the show.

Saturday, February 25, the Los Angeles Advertising club will visit the show several hundred strong, taking with them a special program to be staged in the big fruit tent. Those in attendance at the California Citrus Institute, to be held in San Bernardino, February 21, will be special guests of the Orange show management. The show will close February 27.

Orange county residents who attend are advised that the foothill boulevard is closed, and those who may contemplate returning home Saturday evening or Sunday by way of Los Angeles should govern themselves accordingly. The Valley boulevard is open. According to the Automobile Club of Southern California, motorists desiring to use this route on returning should go from San Bernardino to Colton, thence to Ontario and then on into Los Angeles through Pomona.

Mr. and Mrs. R. L. Bisby were among Santa Anans who registered at the show today.

MEDICAL SERVICE IS TO BE GIVEN AT SEA

LOS ANGELES, Feb. 17.—Arrangements have been concluded whereby certain coastal stations operated by the Radio Corporation of America, in co-operation with the United States public health service and the Seamen's church institute of America, will provide a free medical service to ships at sea, this service to become effective immediately.

The Radio Corporation's station at San Francisco will receive the messages free of all tolls. These messages will be telephoned to the United States Marine hospital, where prompt service will be given. The United States Veterans' hospital will also co-operate.

GIRLS! LEMONS WHITEN HANDS

Press the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter-pint of harmless and delightful lemon-bleach lotion to soften and whiten red, rough or chapped hands. This home made lemon lotion is far superior to glycerin and rose water to smoothen the skin. Famous stage beauties use it to bleach and bring that soft, clear, rosy-white complexion, because it doesn't irritate.—Adv.

NEW POPE LOVES OUTDOOR LIFE AND BOOKS

ROME, Feb. 17.—Mountain climber and master of twenty-six languages, friend of street urchins and mystic who devotes five hours a day to silent prayer, Pope Pius XI is a unique character among the more than 200 rulers which the Catholic church has had during its long history.

The new pope, who is reputed to be of liberal tendencies, lost no time in asserting himself. Immediately after election he appeared on the outer balcony of St. Peter's cathedral— which no pope had done since 1870—to bless the multitude. Certain "irreconcilable" cardinals tried to dissuade him from this breach of tradition, but Pius replied firmly:

"Remember, I am no longer a cardinal. I am the supreme pontiff now."

Ambrogio Doménico Achille Ratti, as was christened, was born March 31, 1857, at Desio, a little town in Lombardy. He was the third born of six children, of whom only two others are now living. His father was Francesco Ratti, director of a silk factory—a man of moderate means.

The future pope passed his boyhood in Desio. In the spring and summer his teacher gave lessons outdoors in the arcade, which is covered with ivy and still well preserved.

Cherishes His Birthplace

That the new pope was always fond of his native place is well known. He visited it every summer, and last September, before making solemn entry into Milan, having been created cardinal, he passed a few days in his native village at the house of a friend, a retired solicitor.

This friend was the pope's companion on mountain-climbing expeditions. Aathu Ratti, as he was known after his ordination at Rome in 1879, was a member of the Italian Alpine club and was the first to scale Mount Matterhorn, Mount Rosa and many lesser peaks. On one occasion his skill and strength saved the life of a guide who had fallen into a crevasse.

Physically big, the pope has almost equal fondness for outdoor life and the seclusion of scholarly study.

As librarian at Milan, the then middle-aged churchman was exceptionally ascetic. He took only one meal daily after his morning coffee. He rose at 5 a. m. and seldom retired before 1 in the morning and devoted at least five hours a day to silent prayer.

He is reputed to be the author of 330 books and a profound linguist. The mother superior of a Chicago convent, who studied under him for thirteen years at the Milan Theological Seminary, says he is "one of the most learned men in the church, as well as one of the greatest of ecclesiastical diplomats."

"As archbishop and priest," she explains, "our Holy Father was kind as I have seldom witnessed kindness. I have seen him give fatherly advice to street urchins, who came to him naturally as to their own fathers with their troubles."

"Every One His Child"

"His Holiness is very democratic. Every one is his child. He treats all alike, and his wisdom is of the peculiar type that makes itself understood and realized by every one."

The present pope was for several years Papal Nuncio in Poland, where his discharge of important ecclesiastical functions when the Polish question became acute earned for him the esteem of Benedict XV and the gratitude of Vatican authorities. It was because of this service that the red hat was conferred upon him on June 16, 1921.

Ecclesiastics who know of the trend of the new pontiff's mind say he has been a churchman first and a statesman only in the sense that the church also needs men of practical turn of mind for the promotion of the faith.

On the spiritual side, therefore, it may be expected that the new pope will give a great deal of attention to the work, started by his predecessor, of reclaiming the churches of the East to the unity of Rome.

There can be little doubt that his thorough sympathy with the movement for bringing back the churches of the East, together with his demonstrated tact in approaching the question of relations between the Quirinal and the Holy See, had much to do with his election.

Famous Mountain Climber

The Milan correspondent of the London Times yesterday interviewed the boyhood companion of the pope, who accompanied him on mountain climbs.

"Achille and myself," he said, "were chums. I could tell you a lot about our games and escapades. Since a boy the new pope has been noted for his love of books and mountains, and I assure you it would be difficult to say which he loves the more. At the age of ten we used to go on excursions over the hills, and he distinguished himself by his agility and endurance.

"From our hills he turned then to the Alps and became a great mountaineer.

"We were often together on mountain-climbing excursions, and I never saw a more enthusiastic and delightful climber. He constantly carried his prayer book with him, and would occasionally rest and read a few sentences from it.

"What was the more extraordinary to me was his perfect calm, ever in difficult moments. I remember once on the Glacier Paradiso our guide fell into a crevasse and would have perished there had it not been for the presence of mind, skill and strength with which Ratti held the ropes. Then, little by little, he succeeded in drawing the guide back to safety.

"Even at the age of fifty he made some good climbs, but then went to Rome, far away from his beloved Alps. I remember when he left Milan in 1913, I told him: 'You are going away with a red hat, and in time will arrive at the white hat. His reply was: 'This is a tremendous prophecy.'"

Pope's Sister in Tears

Returning to Milan, the correspondent called on Signora Camilla Ratti, a woman of about fifty. The sister of the pope, lives alone in Milan in a modest flat. She was in tears.

PLAN FOR 1,000 ATTENDANCE, CLASS

(Continued from Page Seven)

chesty Fullerton organization can make.

Plan Fine Program

A program of keen interest is said to be slated for next Sunday morning. The singing will be led by Ellis Rhodes. There will be a five-minute summary of the day's important news by Freeman H. Bloodgood, some special musical numbers and a brief, snappy discussion of some important Bible topic by the Rev. P. T. Porter.

The sessions of the class are more like the meetings of a men's club, perhaps, than like the old conception of a Sunday school class. The meetings are open to any man who wishes to express himself, but none is required to answer questions or display his lack of Biblical knowledge, it is said.

The meetings are called to order promptly at 9:30 each Sunday morning at the West End theater.

Special invitations have been extended this week to the members of the American Legion, Elks club, Boy Scouts, Poly high students and faculty, the men of The Register Publishing company and of all clothing stores.

A school for automobile design has been established in Italy. Practically no foreign automobiles are being imported into Germany. American-made passenger automobiles are selling at prices ranging from \$219 to \$1,000.

The fine for speeding in Berlin, Germany, is 100 marks, or 50 cents in American exchange.

Knives, scissors sharpened. Hawley's.

"I am pleased," she said to the correspondent, "at the great honor bestowed on my family, but am sorry to lose a brother who was always good and kind to me. I am afraid I shall see him very little now. I was happy when he returned to Milan as cardinal, but happiness was to last only five months, during which time I had the opportunity of seeing him almost every day."

Asked what her brother told her when he was leaving for the conclave, she replied:

"My brother is a very reserved man; he does not like talking about himself. He told me, however, that he hoped he would return to his beloved Milan. The news of his election came as a surprise to me. I did not expect it."

MAN JUMPS IN TIME TO SAVE HIS LIFE

POMONA, Feb. 17.—Jumping from his truck just in time to save his life, Jess Whitted of San Dimas saw the truck totally demolished by a Union Pacific passenger train at the Park avenue crossing.

Whitted approached the crossing unaware of his danger almost too late. He quickly applied his brakes and jumped from the machine, which was loaded with cement. He was unhurt.

BATTLE IN CULT LEADER'S WILL CASE SETTLED

William Wiederhold, 76, of Placentia, was today permitted to assume administration of the estate that W. L. Thales, founder of a religious cult that flourished at Placentia thirty years ago, left to his followers.

Objections to Wiederhold as administrator were withdrawn from court today by his wife, Mathilda Wiederhold, who had at first questioned his competency. A petition seeking the appointment of Public Administrator C. D. Brown in Wiederhold's stead was also withdrawn.

Judge West granted letters of administration to Wiederhold and also allowed his petition for probate of the Thales will, which disposed of an estate valued at approximately \$20,000. The Wiederholds are among the legatees under the will.

Allen and Lyon, Fullerton attorneys represented Wiederhold, his wife being represented by Ames and McFadden, of Anaheim.

OBITUARY

The Rev. David H. Reid was born in Middleport, Meigs county, Ohio, March 11, 1859, and died at Costa Mesa, February 14, 1922. He was the son of James Madison and Mary Druzilla Reid.

He received an excellent education in the public schools of Ohio, West Virginia and Kentucky, the states in which he grew to manhood. Graduating from the Ashland, Kentucky high school, he attended Morris Harvey college. Later he was a student at Barbourville college, graduating with the degree of master of arts. Cooper university conferred upon him the degree of master of philosophy.

He was united in marriage with Miss Minnie Verona Preston, at Barbourville, W. Va., May 9, 1894. He was then pastor at Grayson, Kentucky. Six children were born to Mr. and Mrs. Reid, five of whom remain to mourn the loss of their father. The beloved pastor is also survived by his mother, one brother and a sister.

In early life, the Rev. Mr. Reid was a printer, but he felt the urge to take up God's work when he was eighteen and he answered this call with heart and soul. He entered the ministry when he was twenty-one, serving thirty-two years in that gracious service. The Rev. Mr. Reid joined the West Virginia conference of the Methodist Episcopal church, South, and served twenty years in that connection.

In 1911, the Rev. Mr. Reid was transferred to the Erie conference. He faithfully served as pastor of the following churches: Grayson, Ky.; Huntington, W. Va.; Louisville, Ky.; Greenville, Ky.; Pleasant, Amos, and New Martinsville, W. Va.; East Randolph, N. Y.; Edinboro, Pa.; Mesa and Tempe, Ariz., and Costa Mesa, Cal., to which charge he was appointed last October.

His pastoral life and labors blended into service without distinction of creeds. His spiritual influence in the communities where he served was felt by all who came in contact with him and his work. David Reid was true to God and true to his own soul.

At 1 p. m. yesterday a short prayer service was held at the Mills and Winbrier Mission funeral home. The Rev. John Oliver, pastor of the First Methodist church, read Scriptural selections. The Rev. Mr. Atkinson, Phoenix, Ariz., offered prayer. A quartette composed of the Revs. Messrs. William Jay Richards, F. W. Rollins, James H. Hughes and Mrs. John Oliver, sang "Saved By Grace."

Later services were held at the Costa Mesa Methodist church, where the following officiated: The Rev. S. S. Sampson, the Rev. Mr. Rasmus, the Rev. Mr. Atkinson and the Rev. John Oliver. The quartette sang, "Jesus, Savior, Pilot Me," and "It Is Well With My Soul." The pallbearers were: J. R. Walker, J. B. Cleghorn, J. H. Viele, W. H. Cole, W. S. Jones and J. R. King. Interment was in Fairhaven cemetery.

MOTHER!

Move Child's Bowels with "California Fig Syrup"

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must get "California" or you may get an imitation fig syrup.—Adv.

200 BOY SCOUTS ATTEND COUNTY HONOR COURT

More than 200 Orange county Boy Scouts and their parents today had a new realization of the significance of the craft, as a result of their court of honor conducted in the First Congregational church here last evening.

Khaki clad youths, filling a large portion of the auditorium, arose and saluted Scoutmaster Roland E. Dye with military precision as he called upon them to receive the award for their enterprise or accomplishment. Special rates and grades were allowed for proficiency in the different branches of scout lore, and there was an impressive solemnity as the boys received the decorations.

D. Eymann Huff, president of the Boy Scout council; George W. Sloop, chairman of district No. 4, and Leon Whitsett, chairman of district No. 3, and Scoutmaster Dye assisted in the honor ceremonies.

In making the awards, Scoutmaster Dye laid emphasis on the importance of thoroughness, and the extraordinary importance of obeying the scout law and oath in everyday life. Members of the court announced their intention of maintaining a high standard of examinations in Orange county, that the awards might be highly coveted by the lads.

D. Eymann Huff was applauded by the boys when he announced that if the team which is to represent the local council at Sacramento in the state championship contest is victorious, he will take the members to Catalina Island on a trip as a reward.

Following are the awards made by the court:

Second class badges were awarded to Nathan Erwin of Olinda; and Thomas Smith, John Coleman, Jose Miranda, and Anthony Cardiel, all of Tustin.

First class badges were awarded to Herbert Smith, Santa Ana No. 9; Dallas Coleman, Santa Ana No. 7; and Paul Sloop, of Anaheim No. 7. Merit badges were awarded to Morris Davis, Santa Ana No. 6; Glover Hendrickson, Santa Ana No. 11; John Langs, Santa Ana No. 11; John Shea, Anaheim No. 2; Vurgil Reed, Santa Ana No. 9; James Trew, Santa Ana No. 6; Keith Beisel, Santa Ana No. 8; Ronald Buell, Santa Ana No. 6; Jack Mattes, Anaheim No. 2; James Fitzgibbons, Anaheim No. 1.

Victor A. Teaney, Costa Mesa, was chosen as assistant to Scoutmaster Dye. Huff, who introduced Teaney, stated that the latter has been a scout for ten years, and that he is well qualified for the position. He will have charge of several hikes and bicycle trips in the near future, it was announced.

Upon the unanimous recommendation of the 200 scouts present, scout badges were presented to Huff,

S. A. Man Is Remarkably Well Preserved at Ripe Age of 90 Years

Mrs. J. H. Klein, 520 West Second street, called at The Register yesterday, accompanied by her valentine—that is, her father, Elias Graves Hawley, who was 90 years old on St. Valentine's day.

Mr. Hawley, who makes his home with his son-in-law and his daughter, Mr. and Mrs. J. H. Klein, is one of the best preserved men of 90 years, both mentally and physically, that you will find anywhere. Indeed, his condition is nothing less than remarkable for a man of his age. His memory is unimpaired, and he talked interestingly of the old pioneer stage coach and pony express days, in both of which services he was engaged as messenger and driver.

Mr. Hawley is a native of New York state and Mr. Klein is proprietor of the Park Drug store. The family has been living in Santa Ana some five or six years.

EXPECT TO COMPLETE INCORPORATION WORK FOR INN NEXT WEEK

Articles of incorporation for St. Ann's Inn, probably will not be completed before the early part of next week, H. J. Forsy, who is drafting the papers, stated today.

As designated in the legal papers, the corporation will be known as St. Ann's Inn.

R. L. Bisby, secretary of the trustees of the unit holders, estimated today that between 60 and 70 per cent of the unit holdings have been transferred to the corporation by their owners.

Presentation of papers to unit holders for transfer of their unit interest to stock of the \$250,000 corporation is still in progress, with J. C. Wallace in charge of the work. There will be 2500 shares, each of par value of \$100. With unit holders expressing their confidence in the hotel enterprise in the manner they have so far, the trustees feel justified in proceeding at this time with plans for incorporating, it is understood.

PROPERTY TITLE QUIETED

Title to four parcels of land, portions of the former O. H. Greenwald estate near this city, were today quieted in W. B. Williams, L. D. Maurer, Mitchell Mastich and Frank Was, by a decree of Superior Judge Z. B. West. The decree resulted from an action brought against executors of the estate.

Whitsett and Sloop.

The troops represented at this meeting were: Anaheim No. 2, Costa Mesa No. 1, Newport No. 1, Olinda No. 1, Santa Ana No. 1, Santa Ana No. 4, Santa Ana No. 5, Santa Ana No. 6, Santa Ana No. 7, Santa Ana No. 8, Santa Ana No. 9, Santa Ana No. 11, and Tustin No. 1, Anaheim No. 1, Anaheim No. 2.

SLAIN DIRECTOR SOUL OF HONOR, SAYS WOMAN

While officers are making investigation after investigation in their efforts to discover the murderer of William Desmond Taylor, moving picture director, there is no lack of declarations on the part of men and women who knew Taylor to the effect that he was a strong and constructive leader in the movie world and that personally he was a man of high character.

One of those who has come out with a statement defending Taylor against scandal is Julia Crawford Ivers, who has relatives living at Orange.

"I have worked side by side with this man for seven years," said Mrs. Ivers, "and I never knew him to do an unkind or ungenerous thing, and I have known him to do hundreds of kindly and generous things."

"This man was a man of loyalty and honor, and thousands owe him debts of undying gratitude. The tongue of scandal is cowardly—more cowardly than the assassin's bullet—because, being dead, Mr. Taylor is unable to make answer to the tongues of scandal."

Another tribute to Taylor that is cited by a friend of his, and brought to The Register office, is from the Los Angeles Record.

"No man's name was more dearly regarded in this city," says the editorial, "and no man's life deserved less the blighting sting of scandal."

WOMAN CASE MAN IS ARRAIGNED IN COURT

Arraigned today before Superior Judge R. Y. Williams on a statutory charge, Donizio Castillo, of Delhi, was given until tomorrow at 9 a. m., to answer formally to the charge against him. The court appointed Attorney M. B. Wellington to defend Castillo, who was without funds to secure counsel. Deputy District Attorney A. D. G. Wettlin filed the information concerning the offense.

Castillo, who is accused of an attack upon Mrs. Francisco Garcia, of Delhi, was recently held to answer by Justice J. B. Cox. He denied the attack, claiming that Mrs. Garcia had not repulsed his attentions.

THREE KILLED IN WRECK

DURHAM, N. C., Feb. 17.—Three students of the University of North Carolina were killed and three others were perhaps fatally injured near here early today when the automobile in which they were riding was struck by a Seaboard Airline engine.

Forsythe Bros., 6th and Main. "Everything for the Automobile."

Wallpaper and paints—Wing Bros.

SOUTHERN CALIFORNIA

CORONA—A party of men, L. M. Culver, Rudolph Henry, M. W. Meredith and N. P. Henry representing the Chicago-Los Angeles Building corporation, visited Corona and after making an investigation of housing conditions have announced that a tract of land has been secured and work will start soon on at least five new modern bungalows.

CALEXICO—Walter F. Boyle, American consul at Mexicali, is preparing to remove to San Luis Potosi, Mexico, following the receipt of orders from Washington transferring him to that post in the service. The order transferring Boyle also indicates that he will be succeeded by Henry C. Van Struve, American consul at Attila, Cuba. The selection of Consul Boyle for the big post at San Luis is declared to be a promotion in recognition of his services.

IMPERIAL—Imperial residents are discussing with more or less seriousness a proposition originating in El Centro that the two cities consolidate under the one name "Imperial." As the plan was first suggested, it called for the annexation of Imperial by the county seat because the interests of the two cities are rapidly becoming more closely identified.

RIVERSIDE—Complete reports received from all the schools of Riverside county have enabled Mrs. Dolly Garst, deputy county superintendent of schools, to compile a list of data regarding the registration of minors. There are 11,933 children in Riverside county between the ages of three and 17 years inclusive, the registration shows.

SAN BERNARDINO—Work of planting some 730 trees in the Lytle creek and Elgin street parks, will start within a few weeks, according to plans being made by city officials. The plans for the two parks, which constitute the two remaining undeveloped park sites, have been completed by F. P. Hosp, Riverside landscape artist. A great variety of trees and shrubs will be set out.

OXNARD—Saticoy may be selected as the location for a co-operative creamery regardless of what may be done in the way of a similar enterprise in Oxnard. Representatives of a large Tulare plant have been in Saticoy investigating the proposition. It is estimated by the Tulare county men that the product of 400 head of cattle could be commanded for a creamery at Saticoy.

VENTURA—The board of supervisors of Ventura county has just passed an ordinance making it a misdemeanor to ship frozen fruit over any part of the state outside of incorporated cities. The horticultural department recommends that all ranchers, when ordering trees, stipulate in the contract that they be fumigated upon entering the county, so that their nurserymen will have to stand the expense of fumigation.

SPLASH! GIRLS OF POLY ENTER SWIM CLASS

"Mother, may I go out to swim?" "Yes, my darling daughter; Hang your clothes on a hickory limb, But don't go near the water!"

The mothers of approximately seventy high school girls here may have something to say about permitting their daughters to immerse themselves in the briny fluid.

Again, they may not. Also, so far as has been heretofore ascertainable, there is a considerable dearth of hickory limbs at Huntington Beach. Besides, such limbs have nothing to do with this story.

Anyway, to get down to the historic brass tacks, more than three score fair maids of Santa Ana high school have enrolled in a swimming school to be conducted at Huntington Beach once a week, it was announced today.

Furthermore, swimming makes for physical development and is a matter that should not be taken in the would-be facetious manner in which this story opens.

The Misses Nellie Wilson and Isabel Anderson will have charge of the class.

Each Thursday the young women will hit themselves to the sands or to the plunge at Huntington Beach.

Those who are proficient in swimming may indulge to their heart's content, under the watchful eyes of the mentors, according to the plan, while those whose aquatic abilities are like unto the well known stone, will receive instruction, which should enable them to retain their composure and their position on the surface of the briny deep, or of the plunge, as the case may be.

BANDITS GET \$5000 NEW YORK, Feb. 17.—Five bandits attacked two messengers of the Pacific Bank, beneath the Queensborough bridge here today and escaped with a payroll of more than \$5,000.

FEW KINGS ABLE
TO COME BACK
TO THRONES

NEW YORK, Feb. 17.—To play the man on horseback successfully requires something more than a horse. It requires most of all a propitious star. Ex-King Charles of Hungary evidently has the wrong kind of star. His "return from Elba," however carefully staged and supported, has fizzled out. It really looks as if Charles' retirement from the king business might be considered a permanent one, says the New York Sun.

There was another Charles once who was staged as a "comeback," and it was a wild and hilarious one. Charles II. of England was a gallant and picturesque figure when he entered London after the death of Oliver Cromwell. For eleven years he had been a king without a kingdom. The people, sick of Puritanism, gave a deliciously joyous welcome to him who was to become known as the "Merry Monarch."

That Charles evidently had a propitious star, and he must have cut a dashing figure in his long black curls, his plumed hat and all the rest of it. He was more than six feet tall, and a woman described him as "made, with a swarthy complexion agreeing with his fine black eyes, a large, ugly mouth, a graceful and dignified carriage and a fine figure."

But he made a bad king. He who "never said a foolish thing and never did a wise one" does not present an encouraging example of the sort of thing Charles of Hungary plotted to do.

Napoleon's Comeback.

The notorious susceptibility of the French people to the attractions of a "man on horseback" had its classic example in the case of Napoleon Bonaparte when he reared his empire on the wreckage of the revolution, and again when he escaped from Elba, and recapturing the allegiance of his soldiers drove out his Bourbon successor and flourished for the hundred days which ended in the debacle of Waterloo.

Louis Napoleon spent his life in earnest attempts to imitate his illustrious uncle. He tried the "man on horseback" trick at Strassburg when he was 23 and earned only ridicule. He tried it again at Boulogne four years later and was shut up in the fortress of Ham. At last, managing to get himself elected president of the republic, he engineered that coup d'etat which Victor Hugo so passionately dissected in his "History of a Crime" and made himself emperor.

"Napoleon the Little," as Hugo called him, met his finish at Sedan and dragged out his last years in exile in England. Another Frenchman tried to imitate him in the closing years of the last century. This was General Georges Ernest Jean Marie Boulanger, a handsome fellow with a curly moustache and close cropped beard, whose outward appearance was quite ideal for the man on horseback role.

As minister of war General Boulanger effected some popular reforms in the army, and somebody made him the subject of a very catchy music hall song, the "Boulanger March." Everybody was whistling it, and it actually made Boulanger a national hero. He was "agin' the gov'mint." He was for La Belle France, sword in hand, revenging herself on the barbarous Prussians. Orlanists and malcontents of all parties flocked to his standard, and for a few years the republic seemed in danger.

Although Boulanger longed to effect a coup d'etat he was always afraid of the gendarmes or something. When prosecuted for conspiracy he fled to Brussels, and the Boulanger balloon just went "Phuh!" as it shrank like an empty sausage skin. After a few years of wretched exile the general executed his final gesture—that of blowing out his brains on the grave of a former mistress.

Spain had for a long time her would-be man on horseback in the person of Don Carlos de Bourbon, pretender to the throne of Alfonso. He many times tried to work the return from exile trick, but the police or somebody always shooed him away. Don Carlos lived in a handsome palace in Venice, with all the state of a king surrounded by an obsequious court. But when he stepped out in the street he became just a common person.

THREE NEW WELLS ARE STARTED DURING WEEK

Three new oil wells were started drilling during the week ending February 11, according to the weekly bulletin of the department of petroleum and gas, California state mining bureau. These three are a well by the Standard in section 2, township 4 south, range 11 west, one by the Petroleum Midway at Huntington Beach and one by the Petroleum Midway at Richfield.

During the week three wells in this county were abandoned. The General Petroleum abandoned a well at Richfield, and the Amalgamated two in Coyote hills.

It is your chance to own a high grade automobile on terms that will surpass your expectations. Drive your present car in and we will make a liberal allowance on it toward the purchase of one of these fine renewed cars.

Three Days Only—Saturday, Sunday and Monday, Feb. 18-19-20

A Car for Every Purpose
A Car for Every Purse
\$100 to \$1545

Let nothing prevent you from visiting BROWN & BOWLES SATURDAY MORNING from 9 o'clock into the evening, if you want an automobile of maximum value at a minimum cost. Never in the city has such a sale been attempted and never will such an automobile sale be duplicated.

Come Early
SATURDAY
MORNING

Bear in mind there will be at least TEN buyers for every car on hand, and will be a case of first come, first served, as the prices we have on these cars should automatically sell themselves. Not a car reserved. When you leave home bring along your check book or at least \$100 or \$200 in cash to enable you to make deposit on the car you select. Your dealings with us will be strictly confidential and suitable terms will be arranged.

EVERY EXCHANGED
or
RENEWED CAR

Prepared for this sale with the intention of selling for scores of dollars more than prices shown.

We spared no expense in labor or material in getting ready for this gigantic sale and we intend that this sale will be a revolution of automobile selling. Frequent current reduction in new cars forced us to readjust the prices on our entire stock of renewed cars and take our losses now the same as all other merchants. Trade your present car in for one of our fine renewed cars.

Our Guarantee of Satisfaction

BROWN & BOWLES SAY we ask you to take no chances nor will we take any with our good reputation, therefore we say—Buy a car at this sale. Drive it five days, if it does not perform to your entire satisfaction, bring it back and we will gladly refund your money. This is our guarantee, made to protect buyer and seller, owner and dealer alike.

Signed BROWN & BOWLES.

Driving Lessons
FREE

This is what we often hear — we cannot drive. Then we will supply you with a competent instructor FREE of all expense to you. We teach you the care of your car and the proper way to handle it under all conditions. If you cannot learn you need not buy the car.

CASH OR TIME

Any cash offer—any time offer—name your terms—within reason will buy any car at this sale. Liberty bonds taken at FACE VALUE.

Mr. Automobile Buyer

Now is the opportune time for you to own an automobile. Come here to this sale as the car you have longed to own is here and you can afford to own a car under our easy payment plan.

Never in the history of this city has anything like this sale been attempted—it is the most stupendous event we have ever entered into. As distributors of Studebaker motor cars we naturally have a number of the very finest used automobiles. It is better to buy a high grade used car than a cheap new car. In addition to the more expensive used cars we have a large stock of lower priced ones and all will be sold at prices that will astound and astonish automobile buyers of hundred miles around.

BEGIN PACKING OF PERFECT ORANGES

MONROVIA, Feb. 17—Packing of unfrosted oranges in this district has commenced at the Duarte-Monrovia exchange, and will continue until the balance of the naval crop is marketed. Picking and separating the frosted fruit will not start here until March 1. Fruit believed to be injured by frost has as yet shown little tendency to dry out, and it may be weeks, especially in the case of valencias, before frost damage can be accurately determined.

About 25 per cent of the naval crop in this district had been shipped before the freeze arrived.

EATS 12-POUND TURKEY

PHILADELPHIA, Feb. 17 — William Lee, 1807 Christian street, proved himself a champion eater, but in proving it got so sick that medi-

cal aid was necessary. Making a wager with several of his friends, Lee started off with a twelve pound stuffed turkey. Then he followed with fifty-three prime oysters, two pounds of pork chops, twelve eggs, beef stew, twelve cups of coffee, three loaves of bread and six bottles of soda water. Instead of going home to supper, as Lee announced as his intention, a hurry-up call went out to neighborhood doctors. The patient is doing well today and may be able to eat again in a week.

HEALTH THE SECRET OF ATTRACTION

Women of today depend a good deal upon the modern modiste and a knowledge of the cosmetic art to make them attractive. Too often there exists beneath it all a suffering woman whose nervous laugh or forced smile covers a pang of agony caused by some feminine ailment. To such a woman Lydia E. Pinkham's Vegetable Compound will bring health and a happy relief from her suffering, that will make her far more attractive than costly gowns and cosmetics.

For nearly fifty years American women have relied upon this root and herb medicine to relieve their ailments.—Adv.

W. B. WILLIAMS GAS COMPANY DIRECTOR

Marked by the election of W. B. Williams, cashier of the First National bank of Santa Ana, as a director, succeeding C. E. Holcomb, of Fullerton, resigned, and by the election of A. S. Bradford, of Placentia, as a vice-president, the annual meeting of the stockholders of the Southern Counties Gas company was held in Los Angeles last Wednesday, it was announced here today.

Other directors chosen were as follows, the offices to which they were re-elected being given in each instance:

Ferdinand R. Bain, Los Angeles, president; LeRoy M. Edwards, attorney, Los Angeles, counsel; John H. Bartle, Monrovia; T. H. Dudley, Santa Monica, treasurer; P. E. Hatch, Long Beach; F. W. Hadley, Whittier; C. M. Stone, Pomona; Charles H. Dickey, New York, vice-president; Rufus C. Dawes, Chicago, vice-president.

Walter S. McFarland was re-elected secretary, Frank S. Wade, superintendent of operation; M. R. Thompson, engineer; and A. F. Bridge, rate engineer.

The gross earnings for last year were \$4,251,023.80, which amount is \$1,345,665.94 in excess of those of 1920. The net earnings for the same period show an increase of \$147,810.16 over those of 1920. During the same period 12,066 meters were added to the company's system, bringing the grand total to more than 85,000.

It was shown that 9,000,000,000 cubic feet of gas was sold during 1921 and engineers for the corporation estimate that this figure will be increased to 14,000,000,000 cubic feet during 1922.

1056 MORE SAILORS HOME FROM GERMANY

NEW YORK, Feb. 17.—The United States army transport Cantigny arrived from Antwerp with 1056 troops from the area of occupation in Germany, and the bodies of 270 war heroes, brought here from cemeteries for burial.

ORANGE MEN TO GET SUBSTANTIAL REFUND

A refund of 22½ cents a packed box from last year's retain, and from profits of the pre-cooling plant, will be available to members of the Santiago Orange Growers' association, it became known today, following a report submitted yesterday by R. E. Gross, secretary and manager of the concern, at a meeting at Campbell's hall, Orange.

Eleven cents has been paid in cash already, it was announced.

Directors of the organization were elected at the gathering. Lucien Flippin was chosen a director to succeed Dr. C. J. K. Jones, deceased. The other members were re-elected as follows, officers having been named when the board met to organize: C. P. Boyer, president; H. A. Brown, vice president; William Feldner, Ed. H. Dierker and George Schmankenberg.

Minor amendments also were made to the by-laws of the organization. R. E. Gross, secretary and manager for the past three years, was reappointed to the same position for the coming year.

The association voted for a retain of one cent a box for the establishment of an insectary in Orange county, on condition that three-fourths of other similar organizations take like action. It is understood that no association has as yet refused to make such an allowance.

C. E. Utt of Tustin, presented the insectary plan. A. E. Barnes of the Fruit Growers' Supply company, E. T. Cassell, of the Orange By-Products company and L. D. Palmer, manager of the Orange County Fruit exchange spoke at the meeting.

Dinner was served at noon to more than 400 men and women. Willis K. Duffy, chef at the Elks' club of Santa Ana, prepared the dinner, which members of the packing house force served.

BANKERS HEAR LAWYER'S BILL FLAYED

Declaring that it is to the interest of banks and patrons of banks to defeat what is known as the lawyer's bill, Hiram J. Wambold of Los Angeles last night called on the Orange County Bankers' association to lend its aid in the fight that is to be made against the measure.

The bill was passed by the last legislature, and a referendum upon it was taken. Whether the bill shall become the law of California is to be decided at the state election to be held November 7.

The measure, according to Wambold, if it becomes law, will prevent banks from preparing many of the documents that they now prepare in their dealings with their patrons, and will prevent them from giving advice to their patrons concerning anything of a legal nature.

It was announced last night at the meeting of the county bankers at the Anaheim National bank at Anaheim, that Judge Rex Goodcell, newly appointed collector of internal revenue for Southern California, will be the speaker at the annual meeting of the association. The annual meeting is to be held at St. Ann's inn in April. A banquet is to be served.

Waldo O'Kelley of Fullerton, president of the association, presided last evening. Most of the banks of the county were represented.

DALE ANNOUNCES NEW REDUCTION IN PRICE OF PACKARD TWIN-SIX

Another substantial reduction in the price of the Packard Twin-Six cars, making a total reduction of more than 35 per cent in the past eight months, was announced today by the Packard Motor Car company through its Orange county distributors, Dale and company, of Santa Ana and Anaheim.

Eight months ago the Packard Twin-Six touring car sold for \$6535, then the price was reduced to \$5340, and now comes the further reduction to \$4290, said Dale today. "All other twin-six models are reduced in proportion. The Packard Single Six price has already been placed at the bottom figure of \$2690 for the touring model, and there is no further reduction. In fact, there is a possibility of an advance in the price of the Single Six models at a later date.

"We are very pleased to announce the new low prices for the Packard Twin-Six models, for it places the 'Big Packard' at a figure where it is available to many more people than formerly. In my opinion no motor car in the world today offers equal value with the Twin-Six."

The new Twin-Six prices are effective from February 13.

DEFER HEARING IN AUTO THEFT CASE

Preliminary examination of Harry Fox, said to have stolen approximately a score of Chevrolet automobiles at Anaheim, had been continued today by Justice J. B. Cox from next Monday to March 28 at 10 a. m.

The defendant is accused specifically of stealing a Chevrolet car belonging to H. W. Lewis, of Anaheim.

Though nearly all of the cars that Fox is said to have stolen were recovered, his arrest did not occur until after the recovery of Lewis car, which was insured in the Automobile club of Southern California, which was instrumental in returning the car to its owner.

Fox is at liberty on \$1000 bail, posted for him by Mrs. Dora Domies, of Anaheim, mother of the man's sweetheart.

Cutlery sharpened. Hawley's. Forsythe Bros., 6th and Main. "Everything for the Automobile."

ACCUSE TWO OF LARCENY WHEN SAWS SEIZED

Alleged forcible seizure of two saws and two gas engines by R. E. Crandall and E. T. Thacker from E. L. Allen resulted today in a charge of grand larceny being filed against the two former.

Justice J. B. Cox today set the preliminary examination of the two men for March 17 at 2 p. m., releasing them on their own recognizance. Allen said he purchased a drag saw and gas engine combination, also a buzz saw and gas engine combination from Crandall and Thacker.

He was unable, he said, to make payments in the amounts demanded by Crandall and Thacker, but was willing to make smaller payments. This, he said, apparently did not satisfy the sellers of the equipment, who seized the property from a "job" where the equipment was being used by Allen.

Disputing their right to thus take possession of the equipment, Allen filed the charges. The saws and engines are estimated to be worth \$400.

NOTES SUIT BASIS

Judgment for \$413.16, with \$125 as attorney fees was asked by Joannes Brothers company, of Los Angeles, in a suit against J. B. Joplin, on file today in the superior court. The suit is based on four alleged notes. Attorney John A. Harvey, of Santa Ana, represents the plaintiff.

Cocoanut Oil Shampoo—

The claim for QUALITY is supported by the fact that the base is pure cocoanut oil—the edible grade. This accounts for the LIGHT, YET LASTING LATHER which, after it does its cleansing work most thoroughly, is easily RINSED OUT IN ONE WATER, leaving the hair soft and silky.

The fact that half-pint bottles sell for 35c make it the leader from a QUANTITY standpoint.

If you have failed to find perfect shampoo satisfaction, try the White Cross Cocoanut Oil Shampoo next time, 35c.

VETERAN JACK BRITTON TO BATTLE SAN FRANCISCO BOY IN TITLE BOUT

Dave Shade, Coast Favorite, Will Get Crack at Welterweight Crown In Tonight's Clash In Madison Square Garden; Both Men On Edge

By HENRY L. FARRELL
 United Press Staff Correspondent
 NEW YORK, Feb. 17.—Every time old man Jack Britton goes into the ring, his friend fans wonder—is this the last? Jack, the welterweight champion, admits that he wonders himself. Britton meets Dave Shade, San Francisco, admitted to be about the best boy under him in the class, in Madison Square Garden tonight.

The "old man" slips the word: "Lay a few on me, I'm still good." to his friends, but he admits that the element of chance favors his younger opponent.

"I've been on my back enough to know that you can't always tell when the sleeper is coming over. Some of these days some under-estimated youngster is going to get me and the title," he said.

"Bryan Downey nearly got me a couple of years ago in Ohio. The referee's 'live' was the first thing I heard and I got up groggy, but Downey didn't know enough. That's where I still have the advantage on the kids. My punch may have weakened and my legs may not stand up like they used to, but I haven't forgotten anything."

Britton had an exciting time last year with Mickey Walker in Jersey City. He didn't take the youngster seriously, went in the ring fat and out of condition and barely escaped with his title.

Shade put him on his back when they boxed a ten-round draw in Portland last year. Jack Perry and others had him down, but he always came up.

The champion has trained hard for this fight, not only because he figures Shade a worthy opponent, but because he plans to get himself in perfect shape for Benny Leonard—a bout which seems sure before the Garden closes for the season.

NICHOLAS FUNERAL IS HELD IN SEATTLE

SEATTLE, Feb. 17.—Seattle newspaper men acted as pallbearers at funeral services for Harold Gardner Nicholas, managing editor of the Post-Intelligencer, who died suddenly here. The services were held at Trinity Episcopal Church and were followed by cremation.

Scores of messages expressing the regret and loss occasioned by his death were received from former newspaper associates in many cities.

LOCAL EDISON TEAM ENTERS LEAGUE OF COMPANY BRANCHES

Following the organization of a baseball team, the Southern California Edison company management has arranged a schedule of games in the league of Electrical workers.

In a practice workout with the high school team Wednesday evening the Edisonites won 4 to 0.

On February 18 the Whittier Edison company team will play here. The league schedule starts March 4, and consists of fourteen games.

The local branch is expecting to enter the field day at Los Angeles on Washington's birthday, but no events have been arranged as yet.

CUB ADVANCE GUARD EN ROUTE TO COAST

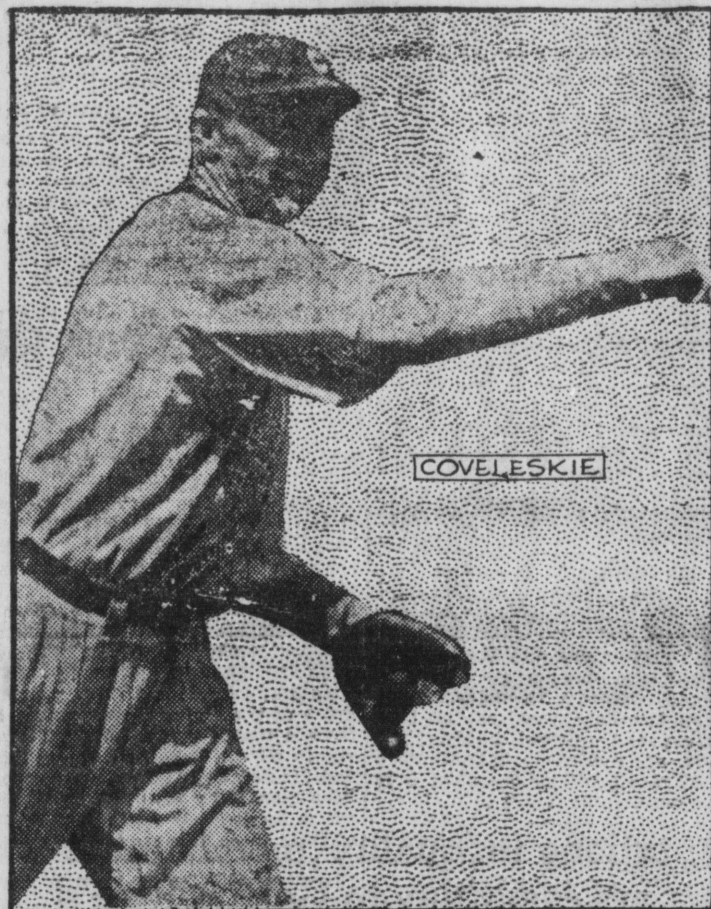

CHICAGO, Feb. 17.—Yesterday was get-away day for the advance guard of the Chicago Nationals, who left for the training camp at Catalina Island on the Pacific coast. The party is scheduled to arrive there next Sunday. Six players boarded the train in charge of Manager Killifer and seven others were to join the party at Kansas City.

When Killifer assembles his men Monday, twenty athletes will be on hand to start training, as six others will report at the journey's end. The second squad will leave here a week later.

The Cub battery men are scheduled to practice Monday. The club will continue its training until March 10 when the first exhibition game with Portland at Pasadena will be played.

Spencer Supporting Corset, Tel. 699-M

THIS MOUND ARTIST IS WORRYING TRIS

STANLEY COVELESKIE

Whose work on the slab in 1920 was largely responsible for the Cleveland Indians winning the American league pennant and the world series, but who fell down slightly in his mound work last season. Tris Speaker, manager of the Indian tribe is wondering whether Coveleskie will round into form a heave winning ball for Cleveland this year.

STANFORD WILL GET JUMP ON OPPONENTS

(United Press Leased Wire)
 STANFORD UNIVERSITY, Feb. 17.—Glenn Warner, famous coach of Carlisle Indians and University of Pittsburgh, will start spring training here early in April. C. E. Thornhill, last year's line coach for the Center college eleven and now assistant Stanford coach to Warner, will come here at that time.

Warner will introduce his "Warner system" to the Cardinal football men during the spring training of approximately six weeks. Thornhill will remain for active coaching in the fall, and will be joined by Andrew Kerr, freshman coach at Pitt, in the fall.

This spring activity of the grid-iron will give them a potential advantage of approximately three weeks over other coast colleges next fall, in the opinion of "Dud" De Groot, captain-elect.

"Our work with Warner," said De Groot, "will teach us his methods early and he will come to Stanford without the handicap Van Gent and Powell faced. Both those coaches took charge of the squad and entered the fall play without previous knowledge of the individual players."

INDIANS PREPARING FOR EARLY GETAWAY

CLEVELAND, Feb. 17.—With the first exhibition game scheduled for March 4 at the Dallas training camp, Manager Tris Speaker of the Cleveland Indians has ordered the first squad, composed of pitchers and catchers, to entrain for Texas on February 21. Four days later the infielders and outfielders will start south.

The Indians' pre-season schedule calls for six games at Dallas, two each with Dallas of the Texas league and with the Cardinals and the Reds.

GAIN LAP IN RACE
 CHICAGO, Feb. 17.—Reggie McNamara of Newark, N. J., and Ernest Kookler of Chicago gained a lap in the six day bike race last night and are leading today with 1,389 miles, three laps and 272 points to their credit.

Whittier Men's Chorus is coming. Hear them at H. S. Aud. Tuesday.

COUNTY CASABA MEN IN SEVENTH CLASH

With Santa Ana and Fullerton leading the league, Orange county basketball teams were scheduled to clash this afternoon in the seventh game of the schedule.

Santa Ana was scheduled to entertain Orange. The Orange five has been a team of surprises this year, and although the men have failed to reach the top of the league, their victories over the best teams played have been encouraging to their followers. A hard battle was expected between the charges of Coach H. M. Davis of Orange and Coach H. M. Morrison of Poly.

Coach Youngman's much-defeated Anaheim hoopers will travel to Whittier. The Poets have not been over-successful this season, and it was believed that the teams would be fairly well matched.

Fullerton was expected to win over Huntington Beach in the game at Fullerton.

Likewise Tustin is given the benefit of the doubt when San Juan Capistrano is entertained. But two more games remain in the league after today. The race has narrowed to a battle between Santa Ana and Fullerton, both teams being undefeated. Fullerton claims a slight superiority in the dope, but a royal battle is expected to result next Friday when the locals invade the oil village.

CHICAGO BOWLERS LEAD
 CHICAGO, Feb. 17.—H. Marino, Chicago, took the lead in the world's classic bowling championship tournament here today with 306 22-50 points in 70 games. F. Kafa, Chicago, is second, with 302 7-50 points in the same number of games and S. Thoma, Chicago, is third with 296 33-50 in 65 games.

BAR MICHIGAN STARS
 ANN ARBOR, Mich. Feb. 17.—Five Michigan athletes have been declared ineligible because of low grades.

HONORS CALIFORNIA
 WASHINGTON, Feb. 17.—President Harding yesterday sent to the senate the following nomination: To be receiver of public money at El Centro, Cal., John W. Scott, California.

Phone 237 for Good Dairy Products, Excelsior Creamery Co.

SIX POLY ATHLETES IN REDLANDS EVENT

Coach Ray Adkinson and six Poly track artists were this afternoon prepared to leave early tomorrow for Redlands to enter the A. A. U. relay carnival at Redlands university.

Accompanying Adkinson on the trip will be Finley, McPadden, Messing, Rabe, Dresser and McKittick.

Finley, McPadden and Messing will be entered in the open events, probably in the sprints class. These three and Rabe will probably compete in the mile relay events, while the first three, and either Dresser or McKittick will represent Poly in the half mile relays.

Huntington Beach is in class three, with the small high schools, while Poly is in class two, including all the big high schools outside of Los Angeles. The city schools constitute class one, with all colleges and Athletic Clubs included in the open events.

Points will be counted in all events both open and divisional, special and relay.

This is an innovation, as in past carnivals only five points were scored for winners in the relays and the open events counted nothing.

Under the new ruling, a high school man in class A may win the open high jump and add five points to his team's score in class 1.

CADET FLYER KILLED, ANOTHER IS HURT

LAWTON, Okla., Feb. 17.—Harvey J. Wright, 23, St. Louis, cadet pilot at Post Field, Fort Sill, was fatally injured, and Archie S. Yandell, 22, cadet, in the observation school, is not expected to live as a result of injuries received when they attempted a landing in their airplane near the post.

Wright until recently was stationed at Carlstrom field, Arcadia, Fla. His father is now at Aberfoyle, Tex. Yandell's home has not been learned.

ST. ANN'S SUNDAY CHICKEN DINNER
 St. Ann's Inn will serve a special after-church Chicken Dinner every Sunday from 12 M. to 2 P. M.

CARDINAL ATHLETES NEARING CLOSE OF STRENUOUS EVENTS

STANFORD UNIVERSITY, Cal., Feb. 17.—Cardinal athletics will finish tomorrow what will probably be their most strenuous week of the early year season.

Four baseball games will be played; two swimming meets will be held and three basketball games, two between the Varsity and the University of Oregon and one between the freshmen and the University of California freshmen will have track men and tennis players will have been held.

WHITE SOX PLAYERS GO SOUTH TOMORROW

CHICAGO, Feb. 17.—Word was received here yesterday from Dick Kerr, star pitcher of the Chicago White Sox, that he was ready to pitch ball now. Kerr has been wintering in Texas and reports that he is in fine condition. This news greeted William "Kid" Gleason, manager of the club, upon his arrival from his home in Philadelphia. Gleason will pilot the advance squad of White Sox players to Marlin Springs, Tex., Saturday.

MOTORIST ASKS \$800 ON NEGLIGENCE CHARGES

Asserting that I. Ieta, Japanese, was guilty of negligence in staking his horse on a public highway, I. H. Weaver filed suit in the superior court here for \$800 damages against Ieta.

That amount represents, according to Weaver, what the horse did to Weaver's car in a collision which took place on the Garden Grove-Seal Beach highway February 1.

The bill presented by Weaver in his suit includes \$300 for repairs to his car, \$300 for permanent injuries to the machine and \$200 for the loss of its services for twenty days.

Attorney Arthur E. Koepsel, of Santa Ana, filed the suit for Weaver.

"Everything for the Man"

The Wardrobe

B. TUTTLEY, Proprietor

117 East 4th Street

The New Spring Woolens Are Here

Beautiful browns and restful greys are the predominant colors that mark the trend of Spring Fashions—and as usual the Tailoring Department of the Wardrobe is ready to serve you with the very latest styles and handsome weaves.

For the man who is discriminating in dress ideas, who cares for individuality—this new display of Spring woolens should be an invitation to secure the very best materials, the best workmanship at the best prices.

Years of Tailoring Experience

Just think of the years of actual experience we have had in turning out the best tailored men in Orange county.

And these years of experience have taught us many a lesson. Lessons that we have put to good use in improving our service to our patrons.

For after all the success of a tailoring shop is based upon nothing else than good service. This shop has served the better dressed men of Orange county for years and is still serving them.

Because the Suits and Overcoats we turn out must fit—must be made well—must be of good materials—must have style.

Fashion Park Clothing Splendid

The style shown in Fashion Park clothing is equally suited for either business or general wear. We recommend the Hy-Line Shoulder treatment. It is both comfortable and correct.

Styles in New Caps

Styles in Caps, as well as clothing, should be correct. Wardrobe made Caps are sure to have style and fit. Prices are lower this Spring.

Hiking Clothes For The Week-End

For hiking trips over the week-end when serviceable clothing is desired, you'll find the supply at the Wardrobe meets every demand you make upon it.

GIRLS! GROW THICK LONG, HEAVY HAIR WITH "DANDERINE"

Buy a 35-cent bottle of "Danderine." One application ends all dandruff, stops itching and falling hair, and in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. "Danderine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant.—Adv.

ORANGE COUNTY NEWS

CHAMBER TRANSACTS ROUTINE BUSINESS

GARDEN GROVE, Feb. 17.—There was a good attendance at the regular monthly meeting of the Chamber of Commerce last Monday evening. The following committee was appointed to revise the bulletin board, near the P. E. station, and bring a record of the products shipped in 1921: Ed Dozier, J. A. Knapp and Clyde Whitely. They expect to have the board repainted by March 15.

The committee for the sanitary district was continued and instructed to make future report at the next meeting. Garfield Allen is chairman of the committee.

The secretary was instructed to write to the Auto Club of Southern California concerning sign boards.

The Chamber of Commerce voted to discontinue the meeting of the Mexicans in the Chamber of Commerce building after next Sunday.

Dr. C. G. Violet, president of the Chamber of Commerce, gave a talk on the situation.

The Chamber of Commerce recommended to the lighting district of the Edison company that new lights be established at the following points in town:

On the corner of Fourth and Acacia; corner of Huntington and Stanford; corner of Acacia and West and two between Stanford and the one half mile corner on Euclid.

The Rev. Walter F. Grigg moved his family to Santa Ana this week where they will be permanent residents. The Rev. Mr. Grigg has accepted a position with the George A. Bown company, a financial institution of San Diego, with a branch office in Santa Ana and will be the Orange county representative of the San Diego firm. He feels that the physical health of both himself and Mrs. Grigg demands the rest, which a change of work will give and he will not do regular ministerial work for a year.

The Rev. B. Silkwood had charge of the Sunday morning services at the M. E. church in the absence of the Rev. W. M. Harkness who held communion services at the Second M. E. church in Santa Ana. In the evening the Rev. Mr. Harkness' subject was Patriotism and he spoke about the life of Lincoln.

Mr. and Mrs. W. M. Morrill entertained the following guests at dinner Sunday:

Mr. and Mrs. C. S. Holt and daughter, Miss Lova, and son, Wayne and wife, and Mr. and Mrs. Emmett Smith.

Mrs. G. R. Reyburn attended the musical section of the Ebell club at the home of Mrs. Wingfield in Santa Ana Monday afternoon.

Mr. and Mrs. Jim Callahan, of Chicago, were visitors at the C. K. Lee home from Saturday until Monday.

Guy E. Mansperger traded his place on Euclid avenue to C. A. Emerson for the Cook place on Ocean avenue which Emerson recently obtained through a trade for Long Beach property.

Mr. and Mrs. D. L. Tyler and Mr. and Mrs. H. R. Darnett motored to Three Arches last Sunday afternoon.

To Build Homes
Foundations were laid Tuesday for two new houses on the Home tract, owned by F. H. Feiberg and Fred Doepeke.

Mr. and Mrs. Harry Elmore spent Sunday with relatives in Los Angeles.

Nelson Cook and C. A. Emerson were business callers in Long Beach Tuesday.

Hubert Head is on the sick list this week.

The Misses Mary and Erma Lee attended a French Club play at the high school auditorium in Santa Ana Monday evening.

Miss Mettie Chaffee returned home Saturday evening from Long Beach where she spent a week at the home of her brother, Dr. Burns Chaffee.

Mrs. Jennie Graham and Mrs. Nelson Cook spent Monday in Long Beach.

Mr. and Mrs. Dwight Magill and family motored to Santa Fe Springs Sunday afternoon.

Moves From Santa Ana
Professor J. Jones and Mrs. Jones who have been living in Santa Ana for some time past moved today to Garden Grove. Professor Jones is a teacher of piano and voice and has many pupils in Garden Grove. It was his desire to be conveniently located to them that he came to Garden Grove. Professor and Mrs. Jones came to California from England less than a year ago.

Asher Fuller, who has been on the sick list is able to be out again.

Mr. and Mrs. E. R. Stillens and daughter, Miss Dorothy and Mr. and Mrs. W. Houts and daughter, Miss Pauline of Anaheim, attended the Illinois picnic at Long Beach Saturday. Saturday evening they went to Laguna Beach and stayed over until Sunday evening.

Mr. and Mrs. B. J. Collins and daughter, Eunice, and Mrs. John Ward and daughter, Neva, drove to Santa Fe Springs Monday afternoon.

The Misses Retta and Marion Hinn of Fullerton, visited at the home of Mrs. Susan Chaffee Sunday.

Mr. and Mrs. Cranston Tyler were Long Beach visitors Sunday.

Nelson Cook and Harry Jewel spent Tuesday and Wednesday of last week at Santa Susana.

Miss Frances Barbour spent the week-end with Miss Grace Drydes at her home in Long Beach.

Mrs. Susan Chaffee has been ill with a bad cold but is improving.

The Misses Meri Alander and Dorothy Chesley, of Santa Ana, were Garden Grove visitors Tuesday.

John Ward and family were Sunday dinner guests at the Homer Skiles home in Orange.

Mrs. Emma Bernard of Huntington Beach visited at the home of her sister, Mrs. H. Bryan.

Mr. and Mrs. Brunswick and daughter Jean, were Long Beach visitors Sunday.

Miss Eva Lake returned last week from a three months' visit with relatives and friends in different parts of the East.

Garden Grove

GARDEN GROVE, Feb. 17.—The Tuesday Afternoon club met at the home of Mrs. George Richardson in Santa Ana Tuesday with a one o'clock luncheon. The rooms and tables were beautifully decorated with valentine decorations and a delightful time was enjoyed by the ladies.

The Aniona class of the Baptist church met at the home of Miss Evelyn Aldrich Tuesday evening. After a business meeting a social evening was enjoyed. Refreshments of ice cream and cake were served. The following girls were present:

Lucile Allen, Ethel Emerson, Laura Lehnardt, Chassie Hammons, Mary and Erma Lee, Hazel Fuller and Evelyn Aldrich.

The entertainment given under the auspices of the P. T. A. by the Western Jubilee Singers at the Y. M. C. A. building Wednesday evening was well attended, every seat being filled.

The men of the Baptist church spent Wednesday cleaning up the church premises.

Mrs. W. R. Aldrich entertained the following ladies of Anaheim, at dinner Tuesday:

Mrs. C. E. Dorn, Mrs. Carrie Breed, Mrs. Massey and Mrs. Will Idle.

Personal Notes
C. E. Pollins, J. A. Knapp and Robert Knapp attended a banquet for the men of the Baptist church in Santa Ana Tuesday.

Garfield Allen and sister, Mrs. Menta Maas, accompanied by Mr. and Mrs. Frank Anderson motored to Los Angeles Tuesday. Mr. Allen attended an executive board meeting and the Andersons visited their daughter, who is matron at the Southern California W. C. T. U. home.

Mr. and Mrs. Martin Christensen and Dorothy Joy spent Wednesday in Los Angeles.

Mrs. C. Towner and mother, Mrs. Garner, of Santa Ana, and the Misses Elizabeth and Mary Miller were Sunday dinner guests of Mrs. K. S. Hendricks.

Mr. and Mrs. George Miller visited at the home of Mr. and Mrs. Charles Bruecker in Alhambra Sunday.

Mrs. Elizabeth Fairchild spent Monday in Los Angeles.

Perce Smith of Cedar Rapids, Ia., who is spending the winter in Los Angeles, was a caller at the C. E. Pollins home Tuesday.

Mr. and Mrs. Ernest Wiley, of Orange, were Sunday guests at the home of Mrs. Elizabeth Fairchild.

Mr. and Mrs. Milo Allen and Mrs. Menta Maas motored to Redlands Thursday.

Mrs. J. O. Arley returned home from the Santa Ana hospital Friday and is getting along nicely.

FULLERTON

FULLERTON, Feb. 17.—Mrs. Ralph Brown and Mrs. H. P. Keller attended a 1 o'clock luncheon at the tea rooms at Buicks in Los Angeles yesterday.

The senior division of the ladies' class of the Christian church served the dinner for the members of the church board at the church parlors last Monday evening at 6:30, and it was enjoyed by the men.

Mr. and Mrs. Forrest Callan and Mrs. George Swink spent Tuesday in Pomona on a pleasure trip.

Mrs. Coleman Simpson, Herbert Salmon and Melvin Salvo spent Tuesday in Alhambra visiting friends.

Mrs. H. P. Keller, who is the house guest of her niece, Mrs. R. P. Brown, is spending a few days in Claremont with Mrs. J. D. Taylor.

At the meeting of the building committee of the Fullerton Ebell club at the home of Mrs. A. H. T. Osborne, North Spadra, last Tuesday afternoon a great many things were discussed and reported that are not for publication as yet.

Mrs. Osborne was elected chairman and Mrs. George Sherwood as secretary. Others of the committee are Mrs. Otto des Granges, Mrs. Tom McPhaden and Mrs. O. S. Compton.

This group of ladies are enthusiastic in regard to building this new home for the Ebell club. They will make a report at the next meeting of the general Ebell.

PAULARINO

PAULARINO, Feb. 17.—Mrs. Hughes entertained the Sewing circle Wednesday. The afternoon was spent with conversation and crocheting work. At 4:30 o'clock refreshments of two kinds of cake, sandwiches, salad, pickles and coffee were served to Mrs. Flint, Mrs. Babb, Mrs. Alex Jamison, Hazel Flint, Mrs. Jamison, Mrs. Ernest Chilcoat, Mrs. J. T. Chilcoat and Mrs. Cathcart and Mrs. Ward, of Santa Ana.

The next meeting will be held with Mrs. Jamison in two weeks.

Mrs. Jamison and Mrs. Flint spent Tuesday afternoon at Newport.

Hazel Flint and Thelma and Margaret Jamison visited the Paularino school Tuesday afternoon.

Mr. Cross, who has been visiting at Mr. Emerson's, left Wednesday for San Francisco.

Jack Cavanaugh was absent from school Wednesday on account of illness.

Margaret Jamison spent Wednesday night with Ethel Hughes.

Valentine day was observed by the Paularino school children.

Mr. and Mrs. Babb entertained company from the east Monday night.

Quite a number of Paularino residents attended the Santa Ana sales day last Wednesday.

POLICE RECOVER CAR REGISTERED IN L. A.

The police here were holding a Studebaker automobile today, while attempting to locate its owner in Los Angeles. The car, reported late yesterday by A. C. Black, 704 West Fourth street, as having stood in front of his home since the preceding day, was found to be registered under the name of Charles E. Priest, 1619 West Third street, Los Angeles. No report of its loss had been made in Los Angeles.

YOUNG COUPLE WED IN LOS ANGELES CHURCH

ORANGE, Feb. 17.—A simple but pretty wedding took place last Friday evening at 7 o'clock in Los Angeles at the Reorganized Church of Jesus Christ of Latter Day Saints, when Miss Elma Bertie Starkey, the only daughter of Mr. and Mrs. A. M. Starkey, of 222 East La Veta street, Orange, became the bride of George W. Moore.

The ceremony was performed by Elder G. G. Buell, in the presence of the bride's parents and James D. Griffith, a close friend of the groom. Later the young couple departed for a destination unknown to their friends.

The bride was charming in her smart tailored suit of navy blue with a pretty little hat to harmonize. She wore a corsage bouquet of violets and maiden hair ferns.

Miss Starkey is a native of California and spent most of her life in Santa Ana, where she has many friends among the young as well as the older people. She moved to Orange two years ago, where she has many new friends.

Moore is the son of Mr. and Mrs. John W. Moore, a pioneer family of Robbins, Tenn., where he was born and where he lived until his enlistment in the army, in which he met with a serious accident which caused him to spend three years, and five months in the Letterman general hospital at the Presidio of San Francisco. After his discharge last May he was stationed at Orange to take agricultural training under government supervision. He first met his bride last June and the friendship grew stronger, finding its climax in a wedding.

The groom expects to be transferred by the government in the near future to a new field of duty where he will prepare a home for his bride. At present they will be at home with the bride's parents.

Fullerton Mothers' Observe Anniversary
FULLERTON, Feb. 17.—The Fullerton P. T. A. was met today at the grammar school building at 3 o'clock to observe the twenty-fifth anniversary of the National Congress of Mothers and the Parent-Teacher association. There was to be a silver offering asked of the ladies for furthering the child welfare and the National P. T. A. work.

The program was to be an excellent one, the junior college girls club giving some musical numbers and there was to be an address by the Rev. F. M. Dowling.

LOCOMOBILE PLANT
TO CONTINUE WORK
BRIDGEPORT (Cal.) Feb. 17.—Operation of the plant of the Locomobile company here, despite the reversibility, will continue without interruption, it was stated by the management. So far as internal affairs of the company are concerned, it was stated there will be no disturbance of the routine of the business.

The Locomobile company operates branches in New York, Boston, Philadelphia, Chicago, Los Angeles and San Francisco. Ancillary receivers have been instituted in each Federal district where its properties exist. T. E. Swayne qualified at Los Angeles and C. A. Kingsley qualified at San Francisco.

ENRIGHT'S CLAIM
TAKES IN TERRITORY
NEW YORK, Feb. 17.—New York, the "proudest, richest and cleanest city under the sun," is so because "for the first time since mankind has kept a record of events there has been recorded here a city that follows the divine plan." Police Commissioner Enright declared in an address.

The city needs no booster organization, he said, "since built upon its own integrity and the integrity of people who have gathered from the four corners of the earth, working out the great problem of the brotherhood of man it has never been worked out before." New York is its own answer to the world.

JUDGE FINDS HE'S RIGHT
CHICAGO, Feb. 17.—It was this way, said Henry Kelley to the judge. "I wasn't drunk at all. I rode a warped bicycle and got dizzy." The judge circled the courtroom on the bike and staggered to the bench. "Dismissed."

NEW GLENN HOTEL open, Cor. 3rd and Spurgeon. Hot and cold water in every room. Rates \$4.50 per week and up. Mrs. R. S. Benedict, manager.

Get Sutorium Cleaning and get the best. Call 279. None better.

NOTICE
To the members of the Santa Ana Chamber of Commerce:
Pursuant to the by-laws the annual election of Directors will be held in the office of the Association, second floor, City Hall, February 23, 1922. The polls shall be open at 2 o'clock p. m. and kept open until 5 o'clock p. m.

The regular ticket as nominated by a duly appointed Nominating Committee is as follows: Alex Brownridge, Chas. F. Hell, Dr. P. R. Reynolds, Chas. Spicer, W. H. Reynolds, G. Swales, C. D. Swanner, H. E. Wahlberg and E. D. Yost.

ABANDON PLANS TO ORGANIZE CEMETERY

Attempt to create a cemetery district to include all of Orange county by the circulation of petitions for signatures asking the board of supervisors to create such a district, has been abandoned. It was learned today when G. J. Mosbaugh, as treasurer of the Santa Ana cemetery fund, offered for publication a report showing the condition of the fund.

Mosbaugh reported that the total receipts were \$952.25, with payments out of the fund aggregating \$87.22, leaving a remainder in the treasury of \$265.03, which sum is on deposit at the First National bank of Santa Ana.

Mosbaugh stated that the subscription list containing names and amounts subscribed and paid, and vouchers for money paid out, can be seen at any time by persons interested by calling at his residence, 638 North Broadway.

The fund was created for defraying the expense of circulating the petitions, and such incidental expenses might be incurred in connection with the preliminary steps for organization of the district.

It was impossible to secure the requisite number of names to the petition to put the project over, it was stated.

UP-STATE NEWS

OROVILLE—Costs of repair to the concrete base of the Oroville lateral will be paid from an allotment which has just been made for this purpose by the California state highway commission. While Butte county was engaged in road work last year heavy damage is said to have been done to this road by the heavy haulage over it. It has been found that the soil under the road softens with very little saturation, weakening the concrete along the edges. Engineers of the highway commission have recommended that when the repair work is done the shoulders should be graveled to prevent the breaking down of the concrete base at the edge.

WILLOWS—The board of supervisors authorized the employment of a home demonstrator in Glenn county and appropriated \$1,000 to defray her expenses. The action was taken in response to a request from a delegation of women representing various farm centers. The home demonstrator's salary will be paid by the state.

MARYSVILLE—Repair of the combined wagon and railroad bridge spanning Feather river between Marysville and Yuba City, and owned jointly by Yuba and Sutter counties and the Sacramento Northern Railroad company, is under consideration by the supervisors of both counties, and railroad bridge work on the bridge is badly worn and its repair will be the chief item of expense.

REDDING—The city trustees agreed informally to make the city auto park a pay institution. The fee will be small and yet enough to pay for the services of an attendant. The park was free last year—water, fuel and camp. The city trustees have come to the conclusion that it is not business to make donations to tourists.

COLOMA—The crew of surveyors from the state highway commission reached the Cool post office Saturday in the first day of the survey of the Mother Lode highway. The little white stakes line the present road the entire six miles from Auburn to Cool. The surveyors are making their headquarters in Auburn, and make the trip to Cool each day in trucks.

CHICO—Plans for improvement of the Five Mile dam site are being furthered by the Bidwell park and playground commission, which has ordered the construction of a bridge across the creek at that point. The total cost of the bridge to span the creek will be about \$500. It will be constructed of steel beams and will be convenient for motor parties and for those enjoying the bathing at this point of the stream.

MODESTO—The new joint building of the Modesto Chamber of Commerce and the California State Automobile association has been completed at a cost of \$15,000, and was formally opened to the public.

12 YEARS AT SEA, HE GETS LAND DETAIL

SAN FRANCISCO, Feb. 17.—Lieutenant Commander Ernest L. Gunther, who possibly holds a record for actual sea service, reported to local navy headquarters for his first detail to "shore" duty, and was assigned as aide personnel on the naval district headquarters staff, relieving Lieutenant Commander H. B. Riebe. Riebe has been ordered to the destroyer base at San Diego. Commander Gunther has "put in" twelve years' continuous service at sea, for the most part with destroyer squadrons.

Like good music? Hear Whittier Marie's Chorus at H. S. Aud. Feb. 21. Reserved seats 35c and 50c—Sam Stein's.

Theaters

Tonight's Attractions
TEMPLE—Marion Davies in "Enchantment."

"ENCHANTMENT"

Marion Davies Appears in Flapper Role at the Temple

The Cast
Ethel Hoyt Marion Davies
Ernest Edisson Forrest Stanley
Mrs. H. H. Hoyt Edith Lyle
Mr. Hoyt Edith Lyle
Tommy Corbin Arthur Rankin
College Boy Al Prescott
Mr. Richards Gilbert Rooney and Tom Brown
Mrs. Leigh Emmet Foy
Mrs. Leigh Mande Turner Gordon
In "The Taming of the Shrew"

Katherine Edith Lyle
Petruchio Forrest Stanley
The Queen Edith Lyle
The King Edith Lyle

"Cleopatra had the resources of an entire country to draw from. I have only my father, and of course he couldn't help anyone. No—I have nothing to aid me except sheer personality," says the modern flapper in "Enchantment," now at the Temple with Marion Davies as Ethel, the flapper, showing more ability and more animation than she has ever done before, and the clothes she wears are a dream of delight.

"Enchantment" is one of the best pictures dealing with gay and irresponsible modern youth that has been screened here. It is a story of a modern girl who believes in having a good time and has it. Her parents cannot understand her, but she understands them in one word—old-fashioned. They are not quite so slow as she imagines, for when the father decides to take her in hand he does so thoroughly. How Ethel reacts to the regimen and what happens to the father's carefully laid plans, compose the high spots of the story.

It is an absorbingly interesting story. The picture was directed by Robert G. Vignola, and it is based on Frank R. Adams' story "Manhandling Ham," which appeared in short-story form in The Cosmopolitan. The support was excellent.

WILLIAM RUSSELL

"The Roof Tree" at West End is Tale of the South

The Cast
Ken Thornton William Russell
Sally McTurk Florence Deshon
Dorothy Harper Sylvia Breamer
Caleb Harper Robert Day
Ease Rowlett Arthur Morrison
Jim Rowlett Al Prescott

"The Roof Tree" an exciting story of the Kentucky hills, brought William Russell to the West End theater yesterday. It tells a striking story of a young Virginian who falls in love with a Kentucky girl, after a murder in his home town has forced him to flee to Kentucky to escape the wrath of the slain man's family.

As may be assumed from the title, much of the picture concerns the influence that a magnificent roof tree exerts on the lives of the Virginians and his new associates. The tree had been planted by his own grandfather whom he strongly resembled. It was thought to exert a sort of protection or guardianship over the family of the Thorntons, to which the young Virginian belonged, and that of the Harpers, to which the girl belonged. The families were closely united in friendship and by intermarriage.

The story of "The Roof Tree" was written by Charles Neville Buck and the picture was directed by Jack Dillon.

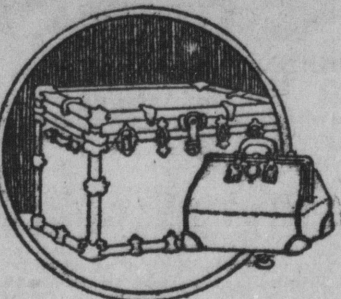

Lloyd Hamilton appears in the comedy, "Rolling Stones," on the same bill. Both features are to run for the remainder of the week at the West End.

CORINNE GRIFFITH

"What Is Your Reputation Worth?" Is Colorful Film.

The Cast
Cara Deane Corinne Griffith
Anthony Blake Percy Marmont
Mrs. Blake Louise Dresser
Wallace Trant Leslie Roycroft
Kent Jerrild George Howard
Mr. Pettus Robert Gallard
Mrs. Pettus Jane Jennings

Corinne Griffith appears at her best as Cara Deane, private secretary to Anthony Blake in the production, "What Is Your Reputation Worth?" now at the Princess. The play requires hundreds of extra players and many specially constructed sets. One scene which is shown but a few seconds represents a dream palace. Another massive set represents a restaurant with cabaret in full swing. In this set over 150 extras are used and two dances of the Metropolitan Opera ballet are seen in solo dances. The action is shifted from New York to the country in winter time. Here Corinne is shown skiing, sleighing and participating in many winter sports.

Luggage of Quality

When planning your summer trips we suggest a visit to our store. The Great Impersonation

By E. Phillips Oppenheim

CHAPTER XXVI.

These were days, to all dwellers in London, of vivid impressions, of poignant memories, reasserting themselves afterwards with a curious sense of unreality, as though belonging to another set of days and another world. Dominey long remembered his dinner that evening in the sombre, handsomely furnished dining-room of his town house in Berkeley Square. Although it lacked the splendid proportions of the banquet hall at Dominey, it was still a fine apartment, furnished in the Georgian period, with some notable pictures upon the walls, and with a wonderful ceiling and fireplace. Dominey and Rosamund dined alone, and though the table had been reduced to its smallest proportions, the space between them was comfortable. As soon as Parkins had gravely put the port upon the table, Rosamund rose to her feet and, instead of leaving the room, pointed for the servant to place a chair for her by Dominey's side.

"I shall be like your men friends, Everard," she declared, "when the ladies have left, and draw up to your side. Now what do you do? Tell stories? I promise you that I will be a wonderful listener."

"First of all drink half a glass of this port," he declared, filling her glass, "then you peel me one of those peaches, and we divide it. After which we listen for a ring at the bell. Tonight I expect a visitor."

"A visitor?"

"Not a social one," he assured her. "A matter of business which I fear will take me from you for the rest of the evening. So let us make the most of the time until he comes."

She commenced her task with the peach, talking to him all the time a little gravely, a sweet and picturesque picture of a graceful and very desirable woman, her delicate shape and artistic fragility more than ever accentuated by the somberness of the background.

"Do you know, Everard," she said, "I am so happy in London here with you, and I feel all the time so strong and well. I can read and understand the books which were a maze of print to me before. I can see the things in the pictures, and feel the thrill of the music, which seemed to come to me somehow, before, all dislocated and discordant. You understand, don't you?"

"Of course," he answered gravely. "I do not wonder," she went on, "that Doctor Harrison is proud of me for a patient, but there are many times when I feel a dull pain in my heart, because I know that whatever he or anybody else might say, I am not quite cured."

"Rosamund dear," he protested, "Ah, but don't interrupt," she insisted, depositing his share of the peach upon his plate. "How can I be cured when all the time there is the problem of you, the problem which I am just as far off solving as ever I was? Often I find myself comparing you with the Everard whom I married."

"Do I fail so often to come up to his standard?" he asked.

"You never fail," she answered, looking at him with blurring eyes.

"Of course, he was very much more affectionate," she went on, after a moment's pause. "His kisses were not like yours. And he was far fond of having me with him. Then, on the other hand, often when I wanted him he was not there, he did wild things, mad things; he seemed to forget me altogether. It was that," she went on, "that was so terrible. It was that which made me so nervous. I think that I should even have been able to stand those awful moments when he came back to me, covered with blood and reeling, if it had not been that I was already most a wreck. You know, he killed Roger Untank that night. That is why he was never able to come back."

"Why do you talk of these things tonight, Rosamund?" Dominey begged.

"I must, dear," she insisted, laying her fingers upon his hand and looking at him curiously. "I must, even though I see how they distress you. It is wonderful that you should mind so much, Everard, but you do, and I love you for it."

"Mind?" he groaned. "Mind?"

"You are so like him and yet so different," she went on meditatively. "You drink so little wine, you are always so self-controlled, so serious. You live as though you had a life around you of which others knew nothing. The Everard I remember would never have cared about being a magistrate or going into parliament. He would never have had an assassin for his friend. He would have spent his time racing or yachting hunting or shooting, as the fancy took him. And yet—"

"And yet what?" Dominey asked, a little hoarsely.

"I think he loved me better than you," she said very sadly.

"Why?" he demanded.

"I cannot tell you," she answered, with her eyes upon her plate, "but I think he did."

Dominey walked suddenly to the window and leaned out. There were drops of moisture upon his forehead, he felt the fierce need of air. When he came back she was still sitting there, still looking down.

"I have spoken to Doctor Harrison about it," she went on, her voice scarcely audible. "He told me that

"You are so like him and yet so different," she went on meditatively. "You drink so little wine, you are always so self-controlled, so serious. "I cannot tell you," she answered, with her eyes upon her plate, "but I think he did."

you probably loved more than you dared to show, because some day the real Everard might come back."

"That is quite true," he reminded her softly. "He may come back at any moment."

She gripped his hand, her voice shook with passion. She leaned towards him, her other arm stole around his neck.

"But I don't want him to come back!" she cried. "I want you!"

Dominey sat for a moment motionless, like a figure of stone. Through the wide-flung, blind-shielded windows came the raucous cry of a new day, breaking the stillness of the summer evening. And then another and sharper interruption—the stopping of a taxicab outside, the firm, insistent ringing of the front door bell. Recoil came to Dominey, and a great strength. The fire which had leaped up within him was thrust back. His response to her voice of passion was infinitely tender.

"Dear Rosamund," he said, "to front door bell summons me to receive an important interview. Will you please trust me a little while longer? Believe me, I am not in any way cold. I am not indifferent. There is something which you will have to be told—something which I never reckoned, something which is beginning to weigh upon me night and day. Trust me, Rosamund, and wait!"

She sank back into her chair with a piquant and yet pathetic little grimace.

"You tell me always to wait," she complained. "I will be patient, but you shall tell me this. You are so kind to me. You make or mar my life. You must care a little! Please?"

He was standing up now. He kissed her hands fondly. His voice had to the old ring in it.

"More than for any woman on earth, dear Rosamund."

they murmured, standing for a moment by the opened window.

"I have been received with favour in the very hottest circles," Seaman continued. "You and I both stand high in the list of those to whom great rewards shall come. His Majesty approves altogether of your reluctance to avail yourself of his permission to wear the Princess Eldstrom. Von Ragastain has decided well," he declared. "These are not the days for marriage or giving in marriage, these, the most momentous days the world has ever known, the days when an empire shall spring into being, the mightiest since the continents fell into shape and the stars looked down upon this present world." Those are the words of the All Highest. In his eyes the greatest of all attributes is singleness of purpose. You followed your own purpose, contrary to my advice, contrary to Ternloff's. You will gain glory."

Seaman finished his meal in due course, and the tray was removed. Soon the two men were alone again, Seaman pulling out dense volumes of smoke, gripping his cigar between his teeth, brandishing it sometimes in his hand to give effect to his words. A little of his marvelous caution seemed to have deserted him. For the first time, he spoke directly to his companion.

"Von Ragastain," he said, "it is a great country, ours. It is a wonderful empire we shall build. I am on fire with the mighty things. I have a list of instructions for you, many details. They can wait. We will talk of our future, our great and glorious destiny as the mightiest nation which has ever existed. It is our right to govern the world. You would think that in Germany there was excitement. There is none. The task of every one is allotted, their work made clear to them. Like a mighty piece of gigantic machinery, we move towards war. Every regiment knows its station, every battery commander knows his positions, every general knows his exact line of advance. There is no confusion, every unit of which you can think, has its movements calculated out for it to the last nicety."

"And the final result?" Dominey asked. "Is that also calculated?"

Seaman, with trembling fingers, unlocked the little despatch box which stood by his side and took from it jealously a sheet of linen. He held it up to the light, and said, "You, my friend," he said, "are one of the first to gaze upon this. This will show you the framework of the empire that is to be."

He laid out a map upon the table. The two men bent over it. It was a map of Europe, in which England, a diminished France, Spain, Portugal and Italy, were painted in dark blue. For the rest, the whole of Europe, Asia, Africa, and the islands, were painted in a light, shimmering color. Seaman laid his palm upon the map.

"There lies our future empire," he said solemnly and impressively. "Belgium," he observed, "has disappeared. It is no more. It is a part of our empire. We shall occupy and enslave it." Seaman replied, "Our line of advance into France lies to the north. We need her ports to dominate the Thames. Holland and the Scandinavian countries, as you observe, are left in the lighter shade of red. If an opportunity occurs, Holland and Denmark may be incited to take the field against us. They do so, it means absorption. But there is one thing, they probably will, sacred neutrals, they will none the less be our vassal states when the last gun has been fired."

"And Norway and Sweden?" Seaman looked down at the map and smiled.

"Look at them," he said. "They lie at our mercy. Norway has her western seaboard, and there her highways lead to the British aid, so far as she is concerned. But Sweden is ours, body and soul. More than any other of these vassal states, it is our master's plan to bring her into complete subjection. We need her lusty manhood, the finest can non food in the world, for later wars, if indeed such a thing should be. She has timber and minerals which we don't understand. For the moment, we have many men as good, and better, and the time for their utility is past. You are our great hope now, Dominey."

"It is to be, then?"

Seaman took a long and ecstatic draught of his hock and seltzer.

"It is to be," he declared solemnly. "There was never any doubt about it. If Russia ceases to mobilize, if every steamship in the world crawls to Vienna with a rope around his neck, the result would still be the same. The word has gone out. The whole of Germany is like a vast military camp. It comes exactly twelve months before the final day fixed by our great authorities, but the opportunity is too great, too wonderful for hesitation. At the end of August we shall be in Paris."

"You bring news indeed!" Dominey murmured, standing for a moment by the opened window.

"I have been received with favour in the very hottest circles," Seaman continued. "You and I both stand high in the list of those to whom great rewards shall come. His Majesty approves altogether of your reluctance to avail yourself of his permission to wear the Princess Eldstrom. Von Ragastain has decided well," he declared. "These are not the days for marriage or giving in marriage, these, the most momentous days the world has ever known, the days when an empire shall spring into being, the mightiest since the continents fell into shape and the stars looked down upon this present world." His Majesty approves altogether of your reluctance to avail yourself of his permission to wear the Princess Eldstrom. Von Ragastain has decided well," he declared. "These are not the days for marriage or giving in marriage, these, the most momentous days the world has ever known, the days when an empire shall spring into being, the mightiest since the continents fell into shape and the stars looked down upon this present world." Those are the words of the All Highest. In his eyes the greatest of all attributes is singleness of purpose. You followed your own purpose, contrary to my advice, contrary to Ternloff's. You will gain glory."

Seaman finished his meal in due course, and the tray was removed. Soon the two men were alone again, Seaman pulling out dense volumes of smoke, gripping his cigar between his teeth, brandishing it sometimes in his hand to give effect to his words. A little of his marvelous caution seemed to have deserted him. For the first time, he spoke directly to his companion.

"Von Ragastain," he said, "it is a great country, ours. It is a wonderful empire we shall build. I am on fire with the mighty things. I have a list of instructions for you, many details. They can wait. We will talk of our future, our great and glorious destiny as the mightiest nation which has ever existed. It is our right to govern the world. You would think that in Germany there was excitement. There is none. The task of every one is allotted, their work made clear to them. Like a mighty piece of gigantic machinery, we move towards war. Every regiment knows its station, every battery commander knows his positions, every general knows his exact line of advance. There is no confusion, every unit of which you can think, has its movements calculated out for it to the last nicety."

the second time that almost satirical grin on Seaman's face revolted him.

"And what of my own work?" Seaman helped himself to a liquor. He was, as a rule, a moderate man, but this was the third time he had replenished his glass since his hasty meal. February 1922, and before the making of said sale.

"My brain is weary, friend," he admitted, passing his hand over his forehead. "I have a great fatigue. The thoughts jump about. This last week has been one of fierce excitement. Everything, almost your daily life, has been planned. We shall go over it within a day or so. Meanwhile, remember this. It is our goal, aim to keep England out of the war."

"Ternloff is right, then, after all?" Dominey exclaimed.

Seaman laughed scornfully.

"If we want England out of the war," he pointed out, "it is not that we desire her friendship. It is that we may crush her the more easily when she comes. That will be in the war. Then perhaps our attitude towards England may change a little! Now I go."

Dominey folded up the map with reluctance. His companion shook his head. It was curious that he, too, for the first time in his life upon the same day, addressed his host differently.

"Baron von Ragastain," he said, "there are six maps in the map in existence. That one is for you. Lock it away and guard it as though it were your greatest treasure on earth, but when you are alone, bring it out and study it. It shall be your inspiration, it shall lighten your moments of depression, give you courage when you are in danger; it shall fill your mind with pride and wonder. It is yours."

Dominey folded it carefully up, crossed the room, unlocked a little safe and deposited it therein.

"I shall guard it, according to your behest, as my greatest treasure," he assured his departing guest, with a fervour which surprised even himself.

NOTICE OF SALE OF BONDS

Pursuant to statute and an order of the Board of Trustees of the City of Santa Ana, NOTICE IS HEREBY GIVEN that said Board of Trustees offers for sale to the highest bidder for cash, but for not less than their par value and accrued interest at the date of sale, the bonds of the City of Santa Ana, in the sum of \$200,000. These bonds are numbered from 1 to 11, both inclusive, and are payable in eleven annual payments; one bond in the denomination of \$200,000, being payable on the 2nd day of July, 1922. These bonds bear interest at the rate of 7 per cent per annum from the 1st day of January, 1922, the first installment of interest payable the 2nd day of January, 1923, and semi-annually thereafter on the 2nd days of July and January until the bonds are paid. All of the bonds are dated the 1st day of February, 1922, and are issued upon the security of the unpaid assessments for the improvement of the city of Santa Ana, a portion of East First Street, a portion of the City of Santa Ana, pursuant to the Improvement Bond Act of 1915.

Bids will be received by the Clerk of the City of Santa Ana until the hour of 7:30 o'clock P. M. of Monday, March 6th, 1922. Each bid shall be accompanied with a certified check for the percentage of the amount of the bid. The bonds are numbered from 1 to 11, both inclusive, and are payable in eleven annual payments; one bond in the denomination of \$200,000, being payable on the 2nd day of July, 1922, and are issued upon the security of the unpaid assessments for the improvement of the city of Santa Ana, a portion of East First Street, a portion of the City of Santa Ana, pursuant to the Improvement Bond Act of 1915.

Bids will be received by the Clerk of the City of Santa Ana until the hour of 7:30 o'clock P. M. of Monday, March 6th, 1922. EDITORIAL FEATURES

GOOD EVENING

Courage, the highest gift, that scorns to bend
To mean devices for a sordid end.
Courage, an independent spark from heaven's high
throne,
By which the soul stands raised, triumphant, high,
alone:
Great in itself, not praises of the crowd,
Above all vice, it stoops not to be proud.
—Farquar.

EQUINE RESEARCH WORK

The proposal to curtail funds furnished the Remount Service of the War Department for equine research work is meeting with sharp opposition among horse users. The Association of American Horse Shows has sent the following letter of protest to the President and other officials in Washington:

"No business problem in farming operations is more important than the question of horse supply. Horses are essential to economic farming and are vital to the business of ranchmen. According to investigations of the U. S. Department of Agriculture, 70 per cent of the power used in farm operation is furnished by horses. In order to make this power more efficient, it is necessary that the horses of the United States be brought to the highest possible quality. The horse-breeding work begun by the Bureau of Animal Industry of the Department of Agriculture, and now carried on by the Remount Service of the War Department, is of incalculable value to the horse-breeding industry of the country not only on the farms but on the range. The Association of American Horse Shows protests against any attempt to curtail the appropriation for the Remount Service or to hamper its work."

The association numbers among its members many of the leading horse dealers and breeders of the country, and they are doubtless qualified to speak with authority on the needs and wishes of horse-users the nation over. Their plea deserves attention, and points to the need of mixing economy with judgment in all efforts to reduce national expenses.

Thomas Lamont says China must give up her ancestor worship if she wishes to take her place among the modern nations. Just let the Chinese children hear the American children talk to their elders, and the thing will be done.

THE UNUSED LEAGUE

If Europe desires the participation of the United States at meetings like the Genoa conference, she should first show more evidence of intention to help herself. In the League of Nations Europe has the means for this help if she would only utilize it.

The fact that the United States does not belong to the League may be unfortunate, but it does not nullify the league, so far as Europe is concerned. It is known throughout the earth that the United States will never menace the peace of Europe. If this country sank beneath the waves of the sea tomorrow, the rest of the world would have to go on without her, and it has in the league a foundation already constructed for going on to peace and prosperity. It is time this was realized more fully by the nations which voluntarily became signatories of the League.

For instance, there is no reason why France should be running around frantically demanding a defensive alliance with some other power before she makes any more plans for the peace she professes to desire. When the constitution of the league was framed, France herself insisted upon a provision which assures the protection of the various members against external aggression. Inasmuch as there are over 40 members of the league, France already has considerable defensive assurance.

The same situation obtains with most of Europe's problems. The league offers machinery for their solution, and a working league offers the best hope for arousing American interest.

Voliva is to be tried on a charge of libel. Can it be because he accused the sky of being a solid dome, and called the earth flat?

THE SENATE'S FUNCTION

Among the many Lincoln stories revived by his anniversary this month is one about the United States Senate. An indignant critic went to President Lincoln one day and asked him, "What is the use of the Senate, anyway?"

Lincoln happened to be standing by the fireplace in the White House study, drinking a cup of tea. He made no reply, but poured the tea out into the saucer, then back into the cup again, repeated the process, and finished drinking it. Whereupon his caller repeated the question.

"I have shown you," Lincoln answered. "To enable public opinion to cool off. That's about the only use I can see for the Senate."

There are times, undoubtedly, when this is a useful service. There are also times when it becomes sheer obstruction. In recent years the Senate has often been criticized for carrying the cooling process too far.

REVIVAL IN POULTRY

The Orange county hen is coming back. Not that she has been away on a vacation, but has merely been off the nest.

She has interested a large and growing progeny in the business she has been following—the business of producing eggs.

Orange county has always produced great quantities of eggs. Chickens came with the earliest settlers. Time was when every farm house had enough chickens to help trade in at the grocery for things for the family to eat.

Gradually, as years went by, poultry growing as a side issue to farming grew less in favor.

But as a side issue to farming, poultry growing seems to have regained all the ground it lost and has forged far ahead of what it used to be. Orchardists here and there have increased the size of their flocks in order that they might not only profit by the eggs and poultry produced but also that there might be on the ranch itself a source of fertilizer well worth while.

Poultry growing as a means of making a living, too, has grown in favor in the past few months. The farm bureau and others who are in close touch with farming activities all over the county say that there has been a revival of interest in chickens.

Thousands upon thousands of baby chicks are being sold this year. These baby chicks are going in

to backyards of city residences, into chicken yards owned by orchardists and into yards owned by men or women who are making chicken growing a business.

The poultry show held in Santa Ana a few weeks ago served a useful purpose in that it gave an impetus to the chicken business.

A movement for the organization of poultry raisers into a department of the farm bureau is now under way. Through organization, poultry raisers will likely soon be buying chicken food in carload lots.

Poultrymen are giving close attention to the care of their property. They are on the alert for ways and means of increasing egg production.

The fact that there is a widespread interest in making the business pay augurs well for the future of chicken growing. The time when hens were turned loose to lay as they pleased, where they pleased and to keep on living for years after they have quit earning their food has gone by. The hen that has come back into the Orange county poultry yard has a job on her hands if she is to escape the ax. She must lay eggs, and plenty of them to pay her own way and leave a few dimes a month in the pocket of her owner.

What In the Future?

Redlands Facts

The future policy of the State Department of Agriculture in seasons like the present one, as affecting the citrus industry, is of vast importance. There is no doubt that C. M. Brown was right in his statement the other day that Redlands ought to have been allowed to ship 300 cars of fruit, immediately following the cold snap. Of course that time is past and there is no use in "crying over spilled milk" but it is of the utmost importance that the future policy shall be one that shall allow of shipments during the period when the fruit can be placed upon the market while yet in good condition.

We get a considerable damage by the frost on the average of once in ten or fifteen years only. We may go thirty-five years between cold snaps, but then again, we may not. So, in order to be ready for the future, the whole matter should be worked out as far as possible in advance of any need for it. All districts and growers connected with all associations are convinced of the correctness of that.

The situation is considerably clarified by the establishment of certain principles of the law, brought out by Mr. Brown's attorneys. It is realized that the Director of Agriculture cannot set up such rules and regulations as he has set up as to citrus fruit shipments. If there are to be any prosecutions in the future under the present act, they will necessarily be on the basis of charging the shipment of frost-injured fruit, and that fact will have to be established by the prosecution.

The Department of Agriculture announces that it is pleased with the decision of Judge Goodcell. Perhaps it is. It's representatives did not talk so on the day the decision was given. But they may have analyzed the situation now to the extent that they are therefore pleased. But it is not the thought of this article to find fault with the Department, which does the right thing always, insofar as it has light. Our only thought is to suggest that there be a plain understanding for the future, so that people who own merchantable fruit, which has indisputably been subjected to frost damage, but which can be marketed before it shows such injury, and is therefore good and wholesome, shall not be injured in pocket through foolish legislation.

Learn from Chinese

Sacramento Bee

That Americans can learn some things of value from the Chinese is the declaration of Miss Mabel Cratty, head of the National Board of the Young Women's Christian Association, who has just returned from a trip to the Orient.

In many ways Chinese customs and ideals are antithetical to those of America, but what struck Miss Cratty particularly was the ordered leisure there as compared with the rustling, bustling, rush here.

Miss Cratty came away convinced that in this respect Americans could well go to school to the Chinese and find in the short span of years allotted to men a finer and more satisfactory manner of living.

All travelers of insight have told how the Chinese make the mere Westerners feel like parvenus, new arrivals in this age-old world, their standards hardly more stable than their hurried flitting from place to place and pleasure to pleasure.

On this point, Miss Cratty is reported as saying: "The Chinese have the fine art of leisure as contrasted to our mad economic struggle and the artificialities of sure we devote our energies trying to get. 'Be sure you learn before you attempt to teach' is the atmosphere. You begin to seek a more tolerant meeting ground between their 'let well enough alone' and our 'faster, faster, and even faster.'"

There is a vast difference between a life of mere inertia and one of real contemplation and meditation.

But amid the roar of modern machinery and the swiftly speeding airplanes and automobiles in the Western world, the art of living has become almost as lost as the secret of Tyrian purple.

To many Westerners, the most intolerable thing is to be left alone with nothing to do but to think and entertain oneself.

Life has become largely an objective matter, sustained by exterior sensations and emotions.

If the Chinese may seem to have the "manana" habit in the extreme, Americans have with no creative ideal in view may be just as foolish and as frustrated of happiness and contentment.

A happy mean of both activity and leisure would seem still to be the most satisfactory basis of living.

"West Is West," Different

San Francisco Call

In the East they are hopping around—boys, girls and middle-aged—on the pogo stick, a kind of one legged stool. In the East they wear galoshes to keep the feet from being wet and cold; and leave them unfurnished—to be foolishly in style. In the East the women, because it is cold, are inclined to obey the orders from Paris and wear much longer skirts than they have been wearing. But the young people of the West aren't hopping around on pogo sticks, not very much. The stores had them in stock for Christmas gifts, but Californians weren't struck by the invention. Westerners don't wear galoshes, of course, but they haven't taken to leaving their shoes unbuttoned in imitation of the East. And a casual or roving eye on the busy streets doesn't notice any lengthening of women's skirts. Things really are different out here. Some people say that the country has been overstandardized by its telegraph and railroad systems. Its great news gathering bureaus and its chains of stores of all kinds. But it isn't. A crafty business man, taking a tumble now and then, learns for himself that human beings are different.

Editorial Shorts

With Pennsylvania sending Crow and Pepper to the United States Senate, the political menu appears complete.—New York Call.

Now that the drives for endowments have been put over, college professors have begun criticizing the newspapers again.—New York Tribune.

Seems to be a good deal of concern in some circles about Los Angeles making out to take San Joaquin valley trade away from San Francisco. Just so the enterprising southern people don't reach out and try to annex the San Joaquin valley to the city and county of Los Angeles, we should worry! —Stockton Record.

About This Time O' the Year

Today's Talk

by George Matthew Adams

ALL OF ONE WEAVING

Truth and fact are basic—in quite the same way as all folks are human beings.

If you could sit in a great room full of people temporarily blinded as to sight, and could just listen to the thinking from the hearts of each, what matter would it be as to the color or race or creed there, just so long as you were touched or uplifted by what you might hear and feel?

Humanity is simply one great cloth, after all. We are all of one weaving.

I think it was Elbert Hubbard who once wrote: "Do your work—and be kind." We have to keep running back to Mother Nature for advice and counsel. For her thoughts mingle with eternal affairs. She is never irritated over catastrophes—either great or small.

Each of us may learn most from the little child, no matter how much we may know.

Worth, genuineness, character, supremacy of thought, are born in the soul. Like the "gentleman born." Tawdry trappings and acquired elegance in outward coverings deceive only the unawakened.

If you would know life, you must really live it.

And that means that you must walk with the crowd and be one with it in feeling and sympathy and understanding. Of course, the crowd will many times not understand. That gives you the chance to lead the crowd. But don't leave it!

Remember that we are all of one weaving. In strength and weakness we travel much alike.

From the Pacific to the Atlantic ocean, between Canada and the United States—a distance of several thousands of miles—not a single gun or sentry is posted! The attitude of the two great countries is one of mutual trust. The two talk the same language. The history of Europe is but one story of wars. Not a country touches another but their peoples talk a different language. And today each mistrusts the other. Yet human beings of the same weave make up each country's life.

Never get discouraged because you seem to be doing work that looks mental and unimportant.

The piccolo player performs on the smallest instrument in the orchestra, but should he drop out of discord, the trained ear of the leader would immediately notice it.

Worth While Verses

DAY ADDED UNTO DAY

Day added unto day goes swiftly by.
The sands that mark the flight of hours and days
Fall fast and leave an empty crystal glass.
Suns rise and set; the stars pursue their ways
Across the waste of empty space of skies.
Clouds come, rains fall, the world to cloak with green.
The winds blow, frosts sting, earth is brown again.
The seasons pass almost before they're seen.

Day added unto day goes swiftly by.
The seasons rolling count the span of life
Of man, and see him walk from birth to death
Through all the scenes of mortal love and strife;
Then watch the soul that takes its upward flight,
And form that mingles with the dust and mould.
Each grain of sand that falls marks time as sold;
Marks time as sold, for gain or loss—still sold.

Why sell so cheap our days of sojourn here,
For wealth and power, for idle vanity?
The price is high forinsel toys like these.
A busy mind and steadfast will to be
Of service to one's fellow men in work
Well planned and wrought is treasure in the heart.
A ditch well dug, or statue chiseled true—
It matters not, if you have done your part.

It matters not, if you have done your part;
If joy you find in giving of your best
To serve and build for races yet unborn.
Your days can have no higher crown so blest,
Than this that lights the shadowed days of age.
No higher price is paid for days of toil
Than knowledge that your task is humbly done
In faith with those who once will tread this soil.
—Contributed to The Register by Robert A. Haven.

In the Long Ago

February 17, 1908

Those who are graduating from the eighth grade of Santa Ana schools are Anna Anselmino, Clifford E. Burr, Maybell Burr, Louis Butterfield, Keitha Buell, Ruth Collins, Orin Daniel, Ralph Deardorff, Virginia Daniel, Herbert Fowler, Charles Graser, Franking Grouard, Elsie Gitzweiler, Ellis House, James Kelley, Letitia Lavey, Mary Lovelady, Daisy Lewis, Allan Mansour, Lamont McFadden, Marvin Morrison, Mabel Matthews, Harriett Merrioid, Clara Winter, Harold Nelson, Lila Newton, Harry Rossier, Eva Robinson, Zella Saling, Ted Shaw, Carson Smart, Flora Scully, Charles Swanner, Emma Gilbert, Audrey Uhm, Bertrand West, Ethel Wilson, Robert Paine.

With Cody pitching and Meats catching, Santa Ana beat the Christophers Levy team of Los Angeles 1 to 0. Mott made the run. Thirteen innings.

Last Saturday Santa Ana high defeated Whittier college's track team 68 to 45. Clarence Tedford and Pumphrey were Santa Ana's main point winners.

Homer Wells, another witness in a case in which Charles German, arrested for selling liquor, charges John Woodford, a detective, with perjury, has disappeared.

County supervisors are conferring with Santa Ana hospital directors relative to getting rates for county patients cared for at the Santa Ana hospital.

I. Dei, Villa Park Japanese, was found not guilty of breaking a state game law when he killed a meadow hawk. Dei said the hawk ate green peas, and was a pest. F. D. Collins substantiated Dei's testimony. Dei was arrested by Clinton Limes, deputy game commissioner.

Lieut. Frank Worden was in charge of Co. L drill last night.

Attorney Clyde Bishop, representing property owners, asked that the city do not at this time force cement curbs upon South Main street from Second to Bishop. City Attorney Heathman was instructed to prepare an ordinance declaring open ditches on city streets to be a public nuisance.

It is proposed to force the S. A. V. I. Co. to put certain ditches underground.

Today in History

February 17
1804—Uriah A. Boyden, inventor, born. Designed the Boyden turbine water wheel.
1876—Josephine Baskam Bacon, author, born.
1917—British advance on the Ancre.

Pointed Paragraphs

Frequently a live wire traveling salesman has a shocking effect on current expenses.
If we get ambitious and start out to break a record, it will be the one the neighbor plays about 11 p. m.

Now that the armament race is stopped, the only remaining obstacle to universal peace is the human race.
A good many people think they have done their duty by a friend in trouble when they tell him not to worry.

Win any nation takes China's side, it usually is the inside.

The remarkable part of it is that golf has gained much popularity without the benefit of an amendment forbidding it.

The first long distance telephone line, 45 miles long, between Boston and Providence was opened in 1852.

Income Tax Facts

Bulletin of Bureau of Internal Revenue (In Eleven Articles)

NO. 4—INCOME TAX FACTS

In computing net income the taxpayer is permitted to deduct from gross income certain deductions for losses, bad debts, contributions, interest, taxes, etc. Deductions for losses include not only losses incurred in the taxpayer's trade or business, but losses connected with any transaction "entered into for profit" or arising from fires, storms, shipwreck, or other casualty. Deductions for losses are allowable only to the extent that they are not compensated for by insurance or otherwise. Losses arising from the destruction or damage to property acquired prior to March 1, 1913, are to be computed on the basis of the fair market price or value as of that date, unless the cost is less than such value, in which case the loss is computed on the basis of cost.

A new provision of the revenue act of 1921 is that in exceptional cases, and in order more clearly to reflect income, the Commissioner of Internal Revenue may permit the deduction of a loss other than in the year in which actually sustained. The taxpayer in his return, of an amended return, may deduct a loss only for the year in which sustained. If he desires to account for the loss as of another period, he must attach to his return for that year a request for consideration of the case by the Commissioner, together with a complete statement of the facts. Upon audit of the return, the Commissioner will decide whether the case is within the exception provided by the statute. Allowance of a deduction other than in the year in which actually sustained is entirely within the discretion of the Commissioner and will apply only in exceptional cases.

Must Follow Statute
Claims for losses must conform

closely to the wording of the statute. The loss must have been actually sustained during the year in which it is claimed in the taxpayer's return. While a taxpayer may feel certain that property owned by him is worth less than the purchase price, he is not allowed a deduction until the loss is made absolute by the sale or other disposition of the property. A loss sustained by a taxpayer in the sale of his residence, which at the time of purchase was bought without intention of selling, is not a deductible item, because it was not a transaction "entered into for profit." For the same reason a loss sustained in the sale of an automobile purchased for personal use may not be deducted. A loss may be claimed by the owner of a business truck injured or demolished in a collision, but not by the owner of a pleasure car.

"Wash Sales"
Claims for deductions for losses on what is known as "wash sales" are expressly disallowed by the revenue act of 1921. In connection with the sale or disposition of stocks or securities, no deduction will be allowed "where it appears that within thirty days before or after such sale or disposition the taxpayer has acquired (other than by bequest or inheritance) substantially identical property and the property so acquired is held by the taxpayer for any period after such sale or other disposition."

Owners of stocks and bonds can not deduct from gross income amounts claimed as losses on account of the shrinkage of value in such securities through fluctuations in the market or otherwise. The foregoing applies only to owners and investors, and not to dealers in securities, who, by means of the inventory, are given the benefit of shrinkage in the securities in which they deal.

Bear Stories for Bedtime

CHAPTER 272
STRIKE THREE AND OUT!
By Harvey Elliott

Billy Bear was humiliated by that last encounter with Willie Whiskers the Goat, but he wasn't discouraged. The very next day he went back to the Smith Farm as cheerfully as though nothing had ever happened. He wasn't just sure what he would do when he got there; he didn't know, but that maybe he would get butted out the place again, but just the same, here he was, peeping through the barn-yard fence as he letitia Lavey, Mary Lovelady, Daisy Lewis, Allan Mansour, Lamont McFadden, Marvin Morrison, Mabel Matthews, Harriett Merrioid, Clara Winter, Harold Nelson, Lila Newton, Harry Rossier, Eva Robinson, Zella Saling, Ted Shaw, Carson Smart, Flora Scully, Charles Swanner, Emma Gilbert, Audrey Uhm, Bertrand West, Ethel Wilson, Robert Paine.

This time he saw Willie Whiskers over in the garden, chewing the bark off a fence post. Billy Bear knew he could make it to the barn. So he scrambled over the fence and ran for the barn door.

Willie Whiskers saw that young Bear just as he jumped off the fence. He started at once to head him off. But Billy beat him into the basement and then ran up the basement stairs to the floor above. Whiskers the Goat followed him all the way up, intending to butt him all over that barn.

Now Billy Bear did one of the smartest things of his life. He acted like he was scared and ran over beside a glass window that reached quite close to the floor. Billy stopped right in front of that window and tried to look very much frightened.

"Ba," snapped Whiskers, "Now's my chance to butt him clear through that window. Ha! Ha! That will finish him!"

Well, Billy Bear didn't go through the window. Just as Whiskers was about to hit him, Billy jumped aside and poor Whiskers smashed through that window, breaking the glass into a thousand pieces, and landed on his head out in the barn-yard hard. If his head hadn't been so hard it surely would have been good bye to Willie Whiskers the Goat.

Billy Bear stuck his head out of the window in time to see Whiskers light, and then he called out, in a deep voice:

"Strike Three, and Out!"

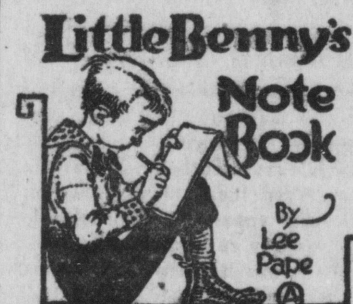

Next Story—A New Goat at the Smith Farm.

On Wings of a Dove

Carrier-Pigeon service is an interesting adjunct to the southern California fishing industry centering at San Pedro. Here are located packing plants whose output is that delicious canned "chicken of the sea"—the tuna. In pursuit of the raw material which is the basis of this toothsome sea product, the fishing fleet supplying the canneries begins operations early in the season in the waters near Coronado Islands, off San Diego. As the schools of fish work north, the fishers move with them, usually winding up the season off the Santa Barbara coast in the vicinity of Santa Cruz Island, one of the Santa Barbara group.

The fleet is more or less in touch with its home port, San Pedro, through the craft which relieve them of their catch. The uncertainties of fishing—either as a sport or a business—are notorious; oftentimes there are extended periods during which it is not necessary for the tenders accompanying the fleet to go ashore for the purpose of delivering fish—there being, unfortunately, no catch to deliver. Thus the line of communication is broken—or would be were it not for the carrier-pigeon service. If it is desired to send explanations or requests or any information of value to the packing plants, a homing pigeon bearing the message is released from one of the barges at sea with the fleet.

The United States makes about 750,000,000 lead pencils a year, or more than eight pencils for each of its inhabitants.

I was going down town with ma. Saturday afternoon, and we was walking to the trolley car and Puds Simkinses mother Mrs. Simkins went past saying, How do you do, Mrs. Potts, my grayshiss but arent you getting plump.

Meeting fat, and we kepp on walking, ma saying, Wat nonsense, that woman hasent got the sents she was born with and never had, plump, why she dont know wat she's talking about, I always stay exactly the same weight. I never did like that Mrs. Simkins anyway.

Maybe you jest look as if you was getting plump, ma, I sed.

No, I dont even look that way, thats how much you know, sed ma. Wich pritty soon Skinny Martins mother Mrs. Martin went past sayin, Wy, Mrs. Potts, how thin youre getting, reely.

O, have you noticed it? sed ma. And we kepp on walking, ma sayin, Now then, theres a woman of some intelligents, theres a woman with eyes in her head.

Wy, ma? I sed, was she rite about you getting thin?

Certeny she was rite, sed ma, and sed, Well how can she be rite, ma? How can you be getting thinner if you always stay the same weight?

always stay the same weight as far as getting stouter is concerned, sed ma.

How do you mean, ma? I sed, and she sed, Thats enuff questions for one afternoon.

Proving she properly didnt know how she meant.

Time to Smile

POOR PROSPECT
Pat Murphy was a great favorite in the works. Even his employer would sometimes stop and crack a joke with him.

One day the boss met Pat. "Morning, Pat," he said. "I hear that lately you've taken quite a fancy for the girls."

Pat blushed and sniggered. "Have you not met your fate yet?" asked the boss.

"Sure and begorrah sir," exclaimed Pat sadly. "I met one of her father's shoes last night."

EQUIPMENT.
"Rastus, I's gwine get rich, I's done bought me some stock in a nut factory."

"A nut factory which sells de meat of pecans, almonds and sich, already cracked an' picked out. This heah company gwine save money with a new labo'-savin' device which de nuts an' gwine be cracked by trained squirrels which don't charge no wages."

"Is dis heah company already licensed, established an' ready fo' bizness?"

"Yeah, praktially—all 'cept trainin' de squirrels."—Life.

SIZING UP ATLAS
"Ethel," asked the teacher in ancient history class, "whom of the ancients supported the world on his shoulders?"

"Atlas,"

"Yes, uite rite. Now if Atlas supported the world who supported Atlas?"

"I suppose he married a rich wife," replied Ethel.

The claim is made for Canada that the average wage of common labor is higher in the Dominion than in the United States.
